TERMS AND CONDITIONS FOR USE, REPRODUCTION, AND DISTRIBUTION

1. Definitions.

"License" shall mean the terms and conditions for use, reproduction, and distribution as defined by Sections 1 through 9 of this document.

"Licensor" shall mean the copyright owner or entity authorized by the copyright owner that is granting the License.

"Legal Entity" shall mean the union of the acting entity and all other entities that control, are controlled by, or are under common control with that entity. For the purposes of this definition, "control" means (i) the power, direct or indirect, to cause the direction or management of such entity, whether by contract or otherwise, or (ii) ownership of fifty percent (50%) or more of the outstanding shares, or (iii) beneficial ownership of such entity.

"You" (or "Your") shall mean an individual or Legal Entity exercising permissions granted by this License.

"Source" form shall mean the preferred form for making modifications, including but not limited to software source code, documentation source, and configuration files.

"Object" form shall mean any form resulting from mechanical transformation or translation of a Source form, including but not limited to compiled object code, generated documentation, and conversions to other media types.

"Work" shall mean the work of authorship, whether in Source or Object form, made available under the License, as indicated by a copyright notice that is included in or attached to the work (an example is provided in the Appendix below).

"Derivative Works" shall mean any work, whether in Source or Object form, that is based on (or derived from) the Work and for which the editorial revisions, annotations, elaborations, or other modifications represent, as a whole, an original work of authorship. For the purposes of this License, Derivative Works shall not include works that remain separable from, or merely link (or bind by name) to the interfaces of, the Work and Derivative Works thereof.

"Contribution" shall mean any work of authorship, including the original version of the Work and any modifications or additions to that Work or Derivative Works thereof, that is intentionally submitted to Licensor for inclusion in the Work by the copyright owner or by an individual or Legal Entity authorized to submit on behalf of the copyright owner. For the purposes of this definition, "submitted" means any form of electronic, verbal, or written communication sent to the Licensor or its representatives, including but not limited to communication on electronic mailing lists, source code control systems, and issue tracking systems that are managed by, or on behalf of, the Licensor for the purpose of discussing and improving the Work, but excluding communication that is conspicuously marked or otherwise designated in writing by the copyright owner as "Not a Contribution."

"Contributor" shall mean Licensor and any individual or Legal Entity on behalf of whom a Contribution has been received by Licensor and subsequently incorporated within the Work.

2. Grant of Copyright License. Subject to the terms and conditions of this License, each Contributor hereby grants to You a perpetual, worldwide, non-exclusive, no-charge, royalty-free, irrevocable copyright license to reproduce, prepare Derivative Works of, publicly display, publicly perform, sublicense, and distribute the Work and such Derivative Works in Source or Object form.

3. Grant of Patent License. Subject to the terms and conditions of this License, each Contributor hereby grants to You a perpetual, worldwide, non-exclusive, no-charge, royalty-free, irrevocable (except as stated in this section) patent license to make, have made, use, offer to sell, sell, import, and otherwise transfer the Work, where such license applies only to those patent claims licensable by such Contributor that are necessarily infringed by their Contribution(s) alone or by combination of their Contribution(s) with the Work to which such Contribution(s) was submitted. If You institute patent litigation against any

entity (including a cross-claim or counterclaim in a lawsuit) alleging that the Work or a Contribution incorporated within the Work constitutes direct or contributory patent infringement, then any patent licenses granted to You under this License for that Work shall terminate as of the date such litigation is filed.

4. Redistribution. You may reproduce and distribute copies of the Work or Derivative Works thereof in any medium, with or without modifications, and in Source or Object form, provided that You meet the following conditions:

- (a) You must give any other recipients of the Work or Derivative Works a copy of this License; and
- (b) You must cause any modified files to carry prominent notices stating that You changed the files; and
- (c) You must retain, in the Source form of any Derivative Works that You distribute, all copyright, patent, trademark, and attribution notices from the Source form of the Work, excluding those notices that do not pertain to any part of the Derivative Works; and
- (d) If the Work includes a "NOTICE" text file as part of its distribution, then any Derivative Works that You distribute must include a readable copy of the attribution notices contained within such NOTICE file, excluding those notices that do not pertain to any part of the Derivative Works, in at least one of the following places: within a NOTICE text file distributed as part of the Derivative Works; within the Source form or documentation, if provided along with the Derivative Works; or, within a display generated by the Derivative Works, if and wherever such third-party notices normally appear. The contents of the NOTICE file are for informational purposes only and do not modify the License. You may add Your own attribution notices within Derivative Works that You distribute, alongside or as an addendum to the NOTICE text from the Work, provided that such additional attribution notices cannot be construed as modifying the License.

You may add Your own copyright statement to Your modifications and may provide additional or different license terms and conditions for use, reproduction, or distribution of Your modifications, or for any such Derivative Works as a whole, provided Your use, reproduction, and distribution of the Work otherwise complies with the conditions stated in this License.

5. Submission of Contributions. Unless You explicitly state otherwise, any Contribution intentionally submitted for inclusion in the Work by You to the Licensor shall be under the terms and conditions of this License, without any additional terms or conditions. Notwithstanding the above, nothing herein shall supersede or modify the terms of any separate license agreement you may have executed with Licensor regarding such Contributions.

6. Trademarks. This License does not grant permission to use the trade names, trademarks, service marks, or product names of the Licensor, except as required for reasonable and customary use in describing the origin of the Work and reproducing the content of the NOTICE file.

7. Disclaimer of Warranty. Unless required by applicable law or agreed to in writing, Licensor provides the Work (and each Contributor provides its Contributions) on an "AS IS" BASIS, WITHOUT WARRANTIES OR CONDITIONS OF ANY KIND, either express or implied, including, without limitation, any warranties or conditions of TITLE, NON-INFRINGEMENT, MERCHANTABILITY, or FITNESS FOR A PARTICULAR PURPOSE. You are solely responsible for determining the appropriateness of using or redistributing the Work and assume any risks associated with Your exercise of permissions under this License.

8. Limitation of Liability. In no event and under no legal theory, whether in tort (including negligence), contract, or otherwise, unless required by applicable law (such as deliberate and grossly negligent acts) or agreed to in writing, shall any Contributor be liable to You for damages, including any direct, indirect, special, incidental, or consequential damages of any character arising as a result of this License or out of

the use or inability to use the Work (including but not limited to damages for loss of goodwill, work stoppage, computer failure or malfunction, or any and all other commercial damages or losses), even if such Contributor has been advised of the possibility of such damages.

9. Accepting Warranty or Additional Liability. While redistributing the Work or Derivative Works thereof, You may choose to offer, and charge a fee for, acceptance of support, warranty, indemnity, or other liability obligations and/or rights consistent with this License. However, in accepting such obligations, You may act only on Your own behalf and on Your sole responsibility, not on behalf of any other Contributor, and only if You agree to indemnify, defend, and hold each Contributor harmless for any liability incurred by, or claims asserted against, such Contributor by reason of your accepting any such warranty or additional liability.

END OF TERMS AND CONDITIONS

APPENDIX: How to apply the Apache License to your work.

To apply the Apache License to your work, attach the following boilerplate notice, with the fields enclosed by brackets "[]" replaced with your own identifying information. (Don't include the brackets!) The text should be enclosed in the appropriate comment syntax for the file format. We also recommend that a file or class name and description of purpose be included on the same "printed page" as the copyright notice for easier identification within third-party archives.

ASP.NET Website Terms Of Use

Acceptance of Terms

Microsoft provides you with access to a variety of resources on this web site, managed for Microsoft by Neudesic, LLC, including documents, photographs, videos, and other graphical, textual or audio-visual content ("Content"), software and computer code, including developer tools and sample code ("Software"), and communication forums and other services ("Services"). The Content, Software, Services and all other aspects of this web site are subject to these Terms of Use. Microsoft reserves the right to update these Terms of Use at any time without notice to you. The applicable and most current version of the Terms of Use can be reviewed by clicking on the "Terms of Use" hypertext link located at the bottom of our web pages.

By accessing or using this web site in any way, you agree to and are bound by the terms of this Terms of Use. If you do not agree to all of the terms and conditions contained in this Terms of Use, do not access or use this web site.

Privacy and Protection of Personal Information

See the Privacy Statement for disclosures relating to the collection and use of your information.

Third Party Materials

Microsoft may also host third party materials, including software, tools, data, multimedia content and documents ("Third Party Materials"), on the web site. Unless specified otherwise in an applicable license agreement, such Third Party Materials are owned, uploaded onto the web site, and licensed solely by the respective third parties and not by Microsoft, and any rights to download and use such Third Party Materials are granted solely by the third party owners of such Third Party Materials.

MICROSOFT DISCLAIMS ALL REPRESENTATIONS AND WARRANTIES WITH REGARD TO ALL THIRD PARTY MATERIALS INCLUDING ALL WARRANTIES AND CONDITIONS OF MERCHANTABILITY, WHETHER EXPRESS, IMPLIED OR STATUTORY, FITNESS FOR A PARTICULAR PURPOSE, TITLE AND NON-INFRINGEMENT (INCLUDING INFRINGEMENT WITH REGARD TO ANY MICROSOFT INTELLECTUAL PROPERTY OR OTHER PROPRIETARY RIGHTS).

Application Programming Interfaces

Microsoft publishes information on a number of application programming interfaces ("APIs") on this web site. Microsoft will not assert any of its patent rights on account of your products calling these APIs in order to receive services from the Microsoft product that exposes the APIs.

Software

All Software that is made available to download from the web site is the copyrighted work of Microsoft or its suppliers. Your use of the Software is governed by one of two sets of license terms; if a license for the Software accompanies or is included with the Software, the terms of that license apply; if no license is presented to you, these terms apply. Microsoft reserves all other rights to the Software not expressly granted by Microsoft under the license terms, whether by implication, estoppel, or otherwise.

If any Software contains a copyright notice or similar indication of ownership that indicates it is owned by someone other than Microsoft and it includes its own license agreement, then that Software is licensed to you by that other party and not Microsoft, and Microsoft grants you no intellectual property rights (express or implied) with respect to that Software.

If Microsoft makes any Software marked as "sample" or "example" available on this web site without a license agreement, then it is licensed to you under the terms of the Microsoft Limited Public License.

If Microsoft makes any other Software available on this web site without a license agreement, you may use it solely to design, develop and test your programs to run on Microsoft products and services.

Content

All Content is the copyrighted work of Microsoft or its suppliers. Use of the Content is governed by the terms of the license agreement, if any, that accompanies or is included with the Content.

If any Content is made available to you on this web site without a license agreement, then you may make a reasonable number of copies of the Content for your internal use in designing, developing, and testing your software, products and services. You must preserve the copyright notice that appears in the Content

or, if no copyright notice appears in the Content itself, the below copyright notice in all copies of the Content and ensure that both such copyright notice and this permission notice appear in those copies.

Accredited educational institutions, such as K-12 schools, universities, private or public colleges, and state community colleges, may download and reproduce Content for distribution in the classroom for educational purposes. Publication or distribution outside the classroom requires express written permission. Except as provided above in this section, no portion of the web site may be copied, imitated, published, transmitted, broadcast or distributed, in whole or in part.

Content Accessible Only to Invited Participants

Certain portions of this web site are accessible only to users who are invited to participate, for example as part of a program for using pre-release Software and providing feedback to Microsoft. All information available in those portions of this web site or concerning Content or Software available in those portions of this web site are confidential information of Microsoft. For a period of five years from the time you accessed this confidential information, you may not disclose this confidential information to any third party. This restriction will not apply to any information that is or becomes publicly available without a breach of this restriction, was lawfully known to the receiver of the information without an obligation to keep it confidential, is received from another source who can disclose it lawfully and without an obligation to keep it confidential, or is independently developed. You may disclose this confidential information if required to comply with a court order or other government demand that has the force of law. Before doing so, you must seek the highest level of protection available and, when possible, give Microsoft enough prior notice to provide a reasonable chance to seek a protective order.

Notices Regarding Software, Content, APIs, Services and Information Available on this Website

THE SOFTWARE, CONTENT, APIS, SERVICES, AND INFORMATION AVAILABLE FROM THIS WEB SITE OR THE SERVICES ARE WARRANTED, IF AT ALL, ONLY ACCORDING TO THE TERMS OF A SEPARATE AGREEMENT THAT COVERS THE APPLICABLE SOFTWARE, CONTENT, APIS, SERVICES, OR INFORMATION. EXCEPT AS WARRANTED IN THAT SEPARATE AGREEMENT (IF ANY), MICROSOFT AND ITS RESPECTIVE SUPPLIERS HEREBY DISCLAIM ALL WARRANTIES AND CONDITIONS WITH REGARD TO THE SOFTWARE, CONTENT, APIS, SERVICES AND INFORMATION, INCLUDING ALL WARRANTIES AND CONDITIONS OF MERCHANTABILITY, WHETHER EXPRESS, IMPLIED OR STATUTORY, FITNESS FOR A PARTICULAR PURPOSE, TITLE AND NON-INFRINGEMENT.

IN NO EVENT SHALL MICROSOFT OR ITS SUPPLIERS BE LIABLE FOR ANY SPECIAL, INDIRECT OR CONSEQUENTIAL DAMAGES OR ANY DAMAGES WHATSOEVER RESULTING FROM LOSS OF USE, DATA OR PROFITS, WHETHER IN AN ACTION OF CONTRACT, NEGLIGENCE OR OTHER TORTIOUS ACTION, ARISING OUT OF OR IN CONNECTION WITH THE USE OR PERFORMANCE OF SOFTWARE, CONTENT, APIS, PROVISION OF OR FAILURE TO PROVIDE SERVICES, OR INFORMATION AVAILABLE FROM THE SERVICES OR THIS WEB SITE.

Microsoft may have patents, patent applications, trademarks, copyrights, or other intellectual property rights covering subject matter in the Content, Software or Services. Except as expressly provided in any written license agreement from Microsoft, the furnishing of Content, Software or Services does not give you any license to these patents, trademarks, copyrights, or other intellectual property.

Microsoft may change the Services at any time and for any reason. Such changes may include removal of features, or the requirement of fees for previously-free features. Some changes to the Service may cause existing Software or uses thereof to stop working. Microsoft may cancel or suspend your use of the Services at any time. Microsoft's cancellation or suspension may be without cause and/or without notice. Upon service cancellation, your right to use the Service or the Software stops right away. Once the Service is cancelled or suspended, any data you have stored on the Service may not be retrieved later.

Reservation of Rights

Microsoft reserves all rights not expressly granted under these terms of use, and no other rights are granted under these terms of use by implication, estoppel, or otherwise.

Member Account, Password, and Security

If any of the Services requires you to open an account, you must complete the registration process by providing us with current, complete and accurate information as prompted by the applicable registration form. You are responsible for maintaining the confidentiality of your password and account, and for activities that occur under your account. You agree to notify Microsoft immediately of any unauthorized use of your account or any other breach of security. Microsoft will not be liable for any loss that you may incur as a result of someone else using your password or account, either with or without your knowledge. However, you could be held liable for losses incurred by Microsoft or another party due to someone else using your account or password. You may not use anyone else's account without the permission of the account holder.

Prohibited Use of the Services

For any communities on this web site, you must follow the Microsoft Communities Code of Conduct.

As a condition of your use of the Services, you will not use them for any purpose that is unlawful or prohibited by these terms, conditions, and notices. You may not use the Services in any manner that could damage, disable, overburden, or impair any Microsoft server, or the network(s) connected to any Microsoft server, or interfere with any other party's use and enjoyment of any of the Services. You may not attempt to gain unauthorized access to any of the Services, other accounts, computer systems or networks connected to any Microsoft server or to any of the Services, through hacking, password mining or any other means. You may not obtain or attempt to obtain any materials or information through any means not intentionally made available through the Services.

The Services may contain e-mail services, bulletin board services, chat areas, forums, communities, personal web pages, calendars, photo albums, file cabinets and/or other message or communication facilities designed to enable you to communicate with others ("Communication Services"). You agree to use the Communication Services only to post, send and receive messages and material that are proper and, when applicable, related to the particular Communication Service. By way of example, and not as a limitation, you agree that when using the Communication Services, you will not:

Use the Communication Services in connection with surveys, contests, pyramid schemes, chain letters, junk email, spamming or any duplicative or unsolicited messages (commercial or otherwise).

Defame, abuse, harass, stalk, threaten or otherwise violate the legal rights (such as rights of privacy and publicity) of others.

Publish, post, upload, distribute or disseminate any inappropriate, profane, defamatory, obscene, indecent or unlawful topic, name, material or information.

Upload, or otherwise make available, files or content that contain images, photographs, software, text, or other material protected by intellectual property laws, including, by way of example, and not as a limitation, copyright or trademark laws (or by rights of privacy or publicity), unless you own or control the rights thereto or have received all necessary permissions to do the same.

Use any material or information, including images or photographs, which are made available through the Services in any manner that infringes any copyright, trademark, patent, trade secret, or other proprietary right of any party.

Upload files that contain viruses, Trojan horses, worms, time bombs, cancelbots, corrupted files, or any other similar software or programs that may damage the operation of another's computer or other property.

Advertise or offer to sell or buy any goods or services for any business purpose, unless such Communication Services specifically allows such messages.

Download any file posted by another user of a Communication Service that you know, or reasonably should know, cannot be legally reproduced, displayed, performed, and/or distributed in such manner. Falsify or delete any copyright management information, such as author attributions, legal or other proper notices, proprietary designations, or labels of the origin or source of software or other material contained in a file that is uploaded.

Restrict or inhibit any other user from using and enjoying the Communication Services.

Violate any code of conduct or other guidelines which may be applicable for any particular Communication Service.

Harvest or otherwise collect information about others, including e-mail addresses.

Violate any applicable laws or regulations.

Create a false identity for the purpose of misleading others.

Use, download, or otherwise copy or provide (whether or not for a fee) to a person or entity any directory of users of the Services or other user or usage information or any portion thereof.

Microsoft has no obligation to monitor the Communication Services. However, Microsoft reserves the right to review materials posted to the Communication Services and to remove any materials in its sole discretion.

Microsoft reserves the right at all times to edit, refuse to post, or remove any information or materials, in whole or in part, in Microsoft's sole discretion.

Always use caution when giving out any personally identifiable information about yourself or your children and business sensitive information in any Communication Services. Microsoft does not control or endorse the content, messages or information found in any Communication Services, and Microsoft specifically disclaims any liability with regard to the Communication Services. Managers and hosts are not authorized Microsoft spokespersons, and their views do not necessarily reflect those of Microsoft.

Materials uploaded to the Communication Services may be subject to posted limitations on usage, reproduction or dissemination. You are responsible for adhering to such limitations if you download the materials.

Submissions Provided to this Web Site

Microsoft does not claim ownership of code, content, comments, feedback, suggestions, information or materials that you provide via this web site or any Services ("Submission"). However, by providing a Submission, you are irrevocably granting Microsoft and its affiliated companies the right to make, use, modify, distribute and otherwise commercialize the Submission in any way and for any purpose (including by granting the general public the right to use your Submissions in accordance with this web site's Terms of Use, which may change over time), and the right to publish your name, city of residence, and e-mail address in connection with your Submission. These rights are granted under all applicable intellectual property rights you own or control.

No compensation will be paid with respect to the use of your Submissions. Microsoft is under no obligation to post or use any Submission, and Microsoft may remove any Submission at any time.

By providing a Submission you warrant that you own or otherwise control all of the rights to your Submission and that your Submission is not subject to any rights of a third party (including any personality or publicity rights of any person).

Termination

Microsoft reserves the right to terminate your access to any or all of the Services at any time, without notice, for any reason whatsoever.

Notices and Procedure for Making Claims of Copyright Infringement

Pursuant to Title 17, United States Code, Section 512(c)(2), notifications of claimed copyright infringement should be sent to Service Provider's Designated Agent. ALL INQUIRIES NOT RELEVANT TO THE FOLLOWING PROCEDURE WILL NOT RECEIVE A RESPONSE.

This license governs use of code marked as "sample" or "example" available on this web site without a license agreement, as provided under the section above titled "NOTICE SPECIFIC TO SOFTWARE AVAILABLE ON THIS WEB SITE." If you use such code (the "software"), you accept this license. If you do not accept the license, do not use the software.

1. Definitions

The terms "reproduce," "reproduction," "derivative works," and "distribution" have the same meaning here as under U.S. copyright law.

A "contribution" is the original software, or any additions or changes to the software.

A "contributor" is any person that distributes its contribution under this license.

"Licensed patents" are a contributor's patent claims that read directly on its contribution.

2. Grant of Rights

(A) Copyright Grant - Subject to the terms of this license, including the license conditions and limitations in section 3, each contributor grants you a non-exclusive, worldwide, royalty-free copyright license to reproduce its contribution, prepare derivative works of its contribution, and distribute its contribution or any derivative works that you create.

(B) Patent Grant - Subject to the terms of this license, including the license conditions and limitations in section 3, each contributor grants you a non-exclusive, worldwide, royalty-free license under its licensed patents to make, have made, use, sell, offer for sale, import, and/or otherwise dispose of its contribution in the software or derivative works of the contribution in the software.

3. Conditions and Limitations

(A) No Trademark License- This license does not grant you rights to use any contributors' name, logo, or trademarks.

(B) If you bring a patent claim against any contributor over patents that you claim are infringed by the software, your patent license from such contributor to the software ends automatically.

(C) If you distribute any portion of the software, you must retain all copyright, patent, trademark, and attribution notices that are present in the software.

(D) If you distribute any portion of the software in source code form, you may do so only under this license by including a complete copy of this license with your distribution. If you distribute any portion of the software in compiled or object code form, you may only do so under a license that complies with this license.

(E) The software is licensed "as-is." You bear the risk of using it. The contributors give no express warranties, guarantees or conditions. You may have additional consumer rights under your local laws which this license cannot change. To the extent permitted under your local laws, the contributors exclude the implied warranties of merchantability, fitness for a particular purpose and non-infringement.

(F) Platform Limitation - The licenses granted in sections 2(A) and 2(B) extend only to the software or derivative works that you create that run on a Microsoft Windows operating system product

Code Project Open License (CPOL) 1.02

The Code Project Open License (CPOL) 1.02

Preamble

This License governs Your use of the Work. This License is intended to allow developers to use the Source Code and Executable Files provided as part of the Work in any application in any form.

The main points subject to the terms of the License are:

Source Code and Executable Files can be used in commercial applications;
Source Code and Executable Files can be redistributed; and
Source Code can be modified to create derivative works.

No claim of suitability, guarantee, or any warranty whatsoever is provided. The software is provided "as-is". The Article(s) accompanying the Work may not be distributed or republished without the Author's consent. This License is entered between You, the individual or other entity reading or otherwise making use of the Work licensed pursuant to this License and the individual or other entity which offers the Work under the terms of this License ("Author").

License

THE WORK (AS DEFINED BELOW) IS PROVIDED UNDER THE TERMS OF THIS CODE PROJECT OPEN LICENSE ("LICENSE"). THE WORK IS PROTECTED BY COPYRIGHT AND/OR OTHER APPLICABLE LAW. ANY USE OF THE WORK OTHER THAN AS AUTHORIZED UNDER THIS LICENSE OR COPYRIGHT LAW IS PROHIBITED.

BY EXERCISING ANY RIGHTS TO THE WORK PROVIDED HEREIN, YOU ACCEPT AND AGREE TO BE BOUND BY THE TERMS OF THIS LICENSE. THE AUTHOR GRANTS YOU THE RIGHTS CONTAINED HEREIN IN CONSIDERATION OF YOUR ACCEPTANCE OF SUCH TERMS AND CONDITIONS. IF YOU DO NOT AGREE TO ACCEPT AND BE BOUND BY THE TERMS OF THIS LICENSE, YOU CANNOT MAKE ANY USE OF THE WORK.

Definitions.

"Articles" means, collectively, all articles written by Author which describes how the Source Code and Executable Files for the Work may be used by a user.

"Author" means the individual or entity that offers the Work under the terms of this License.

"Derivative Work" means a work based upon the Work or upon the Work and other pre-existing works.

"Executable Files" refer to the executables, binary files, configuration and any required data files included in the Work.

"Publisher" means the provider of the website, magazine, CD-ROM, DVD or other medium from or by which the Work is obtained by You.

"Source Code" refers to the collection of source code and configuration files used to create the Executable Files.

"Standard Version" refers to such a Work if it has not been modified, or has been modified in accordance with the consent of the Author, such consent being in the full discretion of the Author.

"Work" refers to the collection of files distributed by the Publisher, including the Source Code, Executable Files, binaries, data files, documentation, whitepapers and the Articles.

"You" is you, an individual or entity wishing to use the Work and exercise your rights under this License.

Fair Use/Fair Use Rights. Nothing in this License is intended to reduce, limit, or restrict any rights arising from fair use, fair dealing, first sale or other limitations on the exclusive rights of the copyright owner under copyright law or other applicable laws.

License Grant. Subject to the terms and conditions of this License, the Author hereby grants You a worldwide, royalty-free, non-exclusive, perpetual (for the duration of the applicable copyright) license to exercise the rights in the Work as stated below:

You may use the standard version of the Source Code or Executable Files in Your own applications.

You may apply bug fixes, portability fixes and other modifications obtained from the Public Domain or from the Author. A Work modified in such a way shall still be considered the standard version and will be subject to this License.

You may otherwise modify Your copy of this Work (excluding the Articles) in any way to create a Derivative Work, provided that You insert a prominent notice in each changed file stating how, when and where You changed that file.

You may distribute the standard version of the Executable Files and Source Code or Derivative Work in aggregate with other (possibly commercial) programs as part of a larger (possibly commercial) software distribution.

The Articles discussing the Work published in any form by the author may not be distributed or republished without the Author's consent. The author retains copyright to any such Articles. You may use the Executable Files and Source Code pursuant to this License but you may not repost or republish or otherwise distribute or make available the Articles, without the prior written consent of the Author.

Any subroutines or modules supplied by You and linked into the Source Code or Executable Files this Work shall not be considered part of this Work and will not be subject to the terms of this License.

Patent License. Subject to the terms and conditions of this License, each Author hereby grants to You a perpetual, worldwide, non-exclusive, no-charge, royalty-free, irrevocable (except as stated in this section) patent license to make, have made, use, import, and otherwise transfer the Work.

Restrictions. The license granted in Section 3 above is expressly made subject to and limited by the following restrictions:

You agree not to remove any of the original copyright, patent, trademark, and attribution notices and associated disclaimers that may appear in the Source Code or Executable Files.

You agree not to advertise or in any way imply that this Work is a product of Your own.

The name of the Author may not be used to endorse or promote products derived from the Work without the prior written consent of the Author.

You agree not to sell, lease, or rent any part of the Work. This does not restrict you from including the Work or any part of the Work inside a larger software distribution that itself is being sold. The Work by itself, though, cannot be sold, leased or rented.

You may distribute the Executable Files and Source Code only under the terms of this License, and You must include a copy of, or the Uniform Resource Identifier for, this License with every copy of the Executable Files or Source Code You distribute and ensure that anyone receiving such Executable Files and Source Code agrees that the terms of this License apply to such Executable Files and/or Source Code. You may not offer or impose any terms on the Work that alter or restrict the terms of this License or the recipients' exercise of the rights granted hereunder. You may not sublicense the Work. You must keep intact all notices that refer to this License and to the disclaimer of warranties. You may not distribute the Executable Files or Source Code with any technological measures that control access or use of the Work in a manner inconsistent with the terms of this License.

You agree not to use the Work for illegal, immoral or improper purposes, or on pages containing illegal, immoral or improper material. The Work is subject to applicable export laws. You agree to comply with all such laws and regulations that may apply to the Work after Your receipt of the Work.

Representations, Warranties and Disclaimer. THIS WORK IS PROVIDED "AS IS", "WHERE IS" AND "AS AVAILABLE", WITHOUT ANY EXPRESS OR IMPLIED WARRANTIES OR CONDITIONS OR GUARANTEES. YOU, THE USER, ASSUME ALL RISK IN ITS USE, INCLUDING COPYRIGHT INFRINGEMENT, PATENT INFRINGEMENT, SUITABILITY, ETC. AUTHOR EXPRESSLY DISCLAIMS ALL EXPRESS, IMPLIED OR STATUTORY WARRANTIES OR CONDITIONS, INCLUDING WITHOUT LIMITATION, WARRANTIES OR CONDITIONS OF MERCHANTABILITY, MERCHANTABLE QUALITY OR FITNESS FOR A PARTICULAR PURPOSE, OR ANY WARRANTY OF TITLE OR NON-INFRINGEMENT, OR THAT THE WORK (OR ANY PORTION THEREOF) IS CORRECT, USEFUL, BUG-FREE OR FREE OF VIRUSES. YOU MUST PASS THIS DISCLAIMER ON WHENEVER YOU DISTRIBUTE THE WORK OR DERIVATIVE WORKS.

Indemnity. You agree to defend, indemnify and hold harmless the Author and the Publisher from and against any claims, suits, losses, damages, liabilities, costs, and expenses (including reasonable legal or attorneys' fees) resulting from or relating to any use of the Work by You.

Limitation on Liability. EXCEPT TO THE EXTENT REQUIRED BY APPLICABLE LAW, IN NO EVENT WILL THE AUTHOR OR THE PUBLISHER BE LIABLE TO YOU ON ANY LEGAL THEORY FOR ANY SPECIAL, INCIDENTAL, CONSEQUENTIAL, PUNITIVE OR EXEMPLARY DAMAGES ARISING OUT OF THIS LICENSE OR THE USE OF THE WORK OR OTHERWISE, EVEN IF THE AUTHOR OR THE PUBLISHER HAS BEEN ADVISED OF THE POSSIBILITY OF SUCH DAMAGES.

Termination.

This License and the rights granted hereunder will terminate automatically upon any breach by You of any term of this License. Individuals or entities who have received Derivative Works from You under this License, however, will not have their licenses terminated provided such individuals or entities remain in full compliance with those licenses. Sections 1, 2, 6, 7, 8, 9, 10 and 11 will survive any termination of this License.

If You bring a copyright, trademark, patent or any other infringement claim against any contributor over infringements You claim are made by the Work, your License from such contributor to the Work ends automatically.

Subject to the above terms and conditions, this License is perpetual (for the duration of the applicable copyright in the Work). Notwithstanding the above, the Author reserves the right to release the Work under different license terms or to stop distributing the Work at any time; provided, however that any such election will not serve to withdraw this License (or any other license that has been, or is required to be, granted under the terms of this License), and this License will continue in full force and effect unless terminated as stated above.

Publisher. The parties hereby confirm that the Publisher shall not, under any circumstances, be responsible for and shall not have any liability in respect of the subject matter of this License. The Publisher makes no warranty whatsoever in connection with the Work and shall not be liable to You or any party on any legal theory for any damages whatsoever, including without limitation any general, special, incidental or consequential damages arising in connection to this license. The Publisher reserves the right to cease making the Work available to You at any time without notice

Miscellaneous

This License shall be governed by the laws of the location of the head office of the Author or if the Author is an individual, the laws of location of the principal place of residence of the Author.

If any provision of this License is invalid or unenforceable under applicable law, it shall not affect the validity or enforceability of the remainder of the terms of this License, and without further action by the parties to this License, such provision shall be reformed to the minimum extent necessary to make such provision valid and enforceable.

No term or provision of this License shall be deemed waived and no breach consented to unless such waiver or consent shall be in writing and signed by the party to be charged with such waiver or consent.

This License constitutes the entire agreement between the parties with respect to the Work licensed herein. There are no understandings, agreements or representations with respect to the Work not specified herein. The Author shall not be bound by any additional provisions that may appear in any communication from You. This License may not be modified without the mutual written agreement of the Author and You.

GNU Lesser General Public License v3.0 or later

GNU LESSER GENERAL PUBLIC LICENSE

Version 3, 29 June 2007

Copyright (C) 2007 Free Software Foundation, Inc.

Everyone is permitted to copy and distribute verbatim copies of this license document, but changing it is not allowed.

This version of the GNU Lesser General Public License incorporates the terms and conditions of version 3 of the GNU General Public License, supplemented by the additional permissions listed below.

0. Additional Definitions.

As used herein, "this License" refers to version 3 of the GNU Lesser General Public License, and the "GNU GPL" refers to version 3 of the GNU General Public License.

"The Library" refers to a covered work governed by this License, other than an Application or a Combined Work as defined below.

An "Application" is any work that makes use of an interface provided by the Library, but which is not otherwise based on the Library. Defining a subclass of a class defined by the Library is deemed a mode of using an interface provided by the Library.

A "Combined Work" is a work produced by combining or linking an Application with the Library. The particular version of the Library with which the Combined Work was made is also called the "Linked Version".

The "Minimal Corresponding Source" for a Combined Work means the Corresponding Source for the Combined Work, excluding any source code for portions of the Combined Work that, considered in isolation, are based on the Application, and not on the Linked Version.

The "Corresponding Application Code" for a Combined Work means the object code and/or source code for the Application, including any data and utility programs needed for reproducing the Combined Work from the Application, but excluding the System Libraries of the Combined Work.

1. Exception to Section 3 of the GNU GPL.

You may convey a covered work under sections 3 and 4 of this License without being bound by section 3 of the GNU GPL.

2. Conveying Modified Versions.

If you modify a copy of the Library, and, in your modifications, a facility refers to a function or data to be supplied by an Application that uses the facility (other than as an argument passed when the facility is invoked), then you may convey a copy of the modified version:

a) under this License, provided that you make a good faith effort to ensure that, in the event an Application does not supply the function or data, the facility still operates, and performs whatever part of its purpose remains meaningful, or

b) under the GNU GPL, with none of the additional permissions of this License applicable to that copy.

3. Object Code Incorporating Material from Library Header Files.

The object code form of an Application may incorporate material from a header file that is part of the Library. You may convey such object code under terms of your choice, provided that, if the incorporated material is not limited to numerical parameters, data structure layouts and accessors, or small macros, inline functions and templates (ten or fewer lines in length), you do both of the following:

a) Give prominent notice with each copy of the object code that the Library is used in it and that the Library and its use are covered by this License.

b) Accompany the object code with a copy of the GNU GPL and this license document.

4. Combined Works.

You may convey a Combined Work under terms of your choice that, taken together, effectively do not restrict modification of the portions of the Library contained in the Combined Work and reverse engineering for debugging such modifications, if you also do each of the following:

a) Give prominent notice with each copy of the Combined Work that the Library is used in it and that the Library and its use are covered by this License.

b) Accompany the Combined Work with a copy of the GNU GPL and this license document.

c) For a Combined Work that displays copyright notices during execution, include the copyright notice for the Library among these notices, as well as a reference directing the user to the copies of the GNU GPL and this license document.

d) Do one of the following:

0) Convey the Minimal Corresponding Source under the terms of this License, and the Corresponding Application Code in a form suitable for, and under terms that permit, the user to recombine or relink the Application with a modified version of the Linked Version to produce a modified Combined Work, in the manner specified by section 6 of the GNU GPL for conveying Corresponding Source.

1) Use a suitable shared library mechanism for linking with the Library. A suitable mechanism is one that (a) uses at run time a copy of the Library already present on the user's computer system, and (b)

will operate properly with a modified version of the Library that is interface-compatible with the Linked Version.

e) Provide Installation Information, but only if you would otherwise be required to provide such information under section 6 of the GNU GPL, and only to the extent that such information is necessary to install and execute a modified version of the Combined Work produced by recombining or relinking the Application with a modified version of the Linked Version. (If you use option 4d0, the Installation Information must accompany the Minimal Corresponding Source and Corresponding Application Code. If you use option 4d1, you must provide the Installation Information in the manner specified by section 6 of the GNU GPL for conveying Corresponding Source.)

5. Combined Libraries.

You may place library facilities that are a work based on the Library side by side in a single library together with other library facilities that are not Applications and are not covered by this License, and convey such a combined library under terms of your choice, if you do both of the following:

a) Accompany the combined library with a copy of the same work based on the Library, uncombined with any other library facilities, conveyed under the terms of this License.

b) Give prominent notice with the combined library that part of it is a work based on the Library, and explaining where to find the accompanying uncombined form of the same work.

6. Revised Versions of the GNU Lesser General Public License.

The Free Software Foundation may publish revised and/or new versions of the GNU Lesser General Public License from time to time. Such new versions will be similar in spirit to the present version, but may differ in detail to address new problems or concerns.

Each version is given a distinguishing version number. If the Library as you received it specifies that a certain numbered version of the GNU Lesser General Public License "or any later version" applies to it, you have the option of following the terms and conditions either of that published version or of any later version published by the Free Software Foundation. If the Library as you received it does not specify a version number of the GNU Lesser General Public License, you may choose any version of the GNU Lesser General Public License ever published by the Free Software Foundation.

If the Library as you received it specifies that a proxy can decide whether future versions of the GNU Lesser General Public License shall apply, that proxy's public statement of acceptance of any version is permanent authorization for you to choose that version for the Library.

GNU GENERAL PUBLIC LICENSE

Version 3, 29 June 2007

Copyright © 2007 Free Software Foundation, Inc.

Everyone is permitted to copy and distribute verbatim copies of this license document, but changing it is not allowed.

Preamble

The GNU General Public License is a free, copyleft license for software and other kinds of works.

The licenses for most software and other practical works are designed to take away your freedom to share and change the works. By contrast, the GNU General Public License is intended to guarantee your freedom to share and change all versions of a program--to make sure it remains free software for all its users. We, the Free Software Foundation, use the GNU General Public License for most of our software; it applies also to any other work released this way by its authors. You can apply it to your programs, too.

When we speak of free software, we are referring to freedom, not price. Our General Public Licenses are designed to make sure that you have the freedom to distribute copies of free software (and charge for them if you wish), that you receive source code or can get it if you want it, that you can change the software or use pieces of it in new free programs, and that you know you can do these things.

To protect your rights, we need to prevent others from denying you these rights or asking you to surrender the rights. Therefore, you have certain responsibilities if you distribute copies of the software, or if you modify it: responsibilities to respect the freedom of others.

For example, if you distribute copies of such a program, whether gratis or for a fee, you must pass on to the recipients the same freedoms that you received. You must make sure that they, too, receive or can get the source code. And you must show them these terms so they know their rights.

Developers that use the GNU GPL protect your rights with two steps: (1) assert copyright on the software, and (2) offer you this License giving you legal permission to copy, distribute and/or modify it.

For the developers' and authors' protection, the GPL clearly explains that there is no warranty for this free software. For both users' and authors' sake, the GPL requires that modified versions be marked as changed, so that their problems will not be attributed erroneously to authors of previous versions.

Some devices are designed to deny users access to install or run modified versions of the software inside them, although the manufacturer can do so. This is fundamentally incompatible with the aim of protecting users' freedom to change the software. The systematic pattern of such abuse occurs in the area of products for individuals to use, which is precisely where it is most unacceptable. Therefore, we have designed this version of the GPL to prohibit the practice for those products. If such problems arise substantially in other domains, we stand ready to extend this provision to those domains in future versions of the GPL, as needed to protect the freedom of users.

Finally, every program is threatened constantly by software patents. States should not allow patents to restrict development and use of software on general-purpose computers, but in those that do, we wish to avoid the special danger that patents applied to a free program could make it effectively proprietary. To prevent this, the GPL assures that patents cannot be used to render the program non-free.

The precise terms and conditions for copying, distribution and modification follow.

TERMS AND CONDITIONS

0. Definitions.

“This License” refers to version 3 of the GNU General Public License.

“Copyright” also means copyright-like laws that apply to other kinds of works, such as semiconductor masks.

“The Program” refers to any copyrightable work licensed under this License. Each licensee is addressed as “you”. “Licensees” and “recipients” may be individuals or organizations.

To “modify” a work means to copy from or adapt all or part of the work in a fashion requiring copyright permission, other than the making of an exact copy. The resulting work is called a “modified version” of the earlier work or a work “based on” the earlier work.

A “covered work” means either the unmodified Program or a work based on the Program.

To “propagate” a work means to do anything with it that, without permission, would make you directly or secondarily liable for infringement under applicable copyright law, except executing it on a computer

or modifying a private copy. Propagation includes copying, distribution (with or without modification), making available to the public, and in some countries other activities as well.

To “convey” a work means any kind of propagation that enables other parties to make or receive copies. Mere interaction with a user through a computer network, with no transfer of a copy, is not conveying.

An interactive user interface displays “Appropriate Legal Notices” to the extent that it includes a convenient and prominently visible feature that (1) displays an appropriate copyright notice, and (2) tells the user that there is no warranty for the work (except to the extent that warranties are provided), that licensees may convey the work under this License, and how to view a copy of this License. If the interface presents a list of user commands or options, such as a menu, a prominent item in the list meets this criterion.

1. Source Code.

The “source code” for a work means the preferred form of the work for making modifications to it. “Object code” means any non-source form of a work.

A “Standard Interface” means an interface that either is an official standard defined by a recognized standards body, or, in the case of interfaces specified for a particular programming language, one that is widely used among developers working in that language.

The “System Libraries” of an executable work include anything, other than the work as a whole, that (a) is included in the normal form of packaging a Major Component, but which is not part of that Major Component, and (b) serves only to enable use of the work with that Major Component, or to implement a Standard Interface for which an implementation is available to the public in source code form. A “Major Component”, in this context, means a major essential component (kernel, window system, and so on) of the specific operating system (if any) on which the executable work runs, or a compiler used to produce the work, or an object code interpreter used to run it.

The “Corresponding Source” for a work in object code form means all the source code needed to generate, install, and (for an executable work) run the object code and to modify the work, including scripts to control those activities. However, it does not include the work's System Libraries, or general-purpose tools or generally available free programs which are used unmodified in performing those activities but which are not part of the work. For example, Corresponding Source includes interface definition files associated with source files for the work, and the source code for shared libraries and dynamically linked subprograms that the work is specifically designed to require, such as by intimate data communication or control flow between those subprograms and other parts of the work.

The Corresponding Source need not include anything that users can regenerate automatically from other parts of the Corresponding Source.

The Corresponding Source for a work in source code form is that same work.

2. Basic Permissions.

All rights granted under this License are granted for the term of copyright on the Program, and are irrevocable provided the stated conditions are met. This License explicitly affirms your unlimited permission to run the unmodified Program. The output from running a covered work is covered by this License only if the output, given its content, constitutes a covered work. This License acknowledges your rights of fair use or other equivalent, as provided by copyright law.

You may make, run and propagate covered works that you do not convey, without conditions so long as your license otherwise remains in force. You may convey covered works to others for the sole purpose of having them make modifications exclusively for you, or provide you with facilities for running those works, provided that you comply with the terms of this License in conveying all material for which you do not control copyright. Those thus making or running the covered works for you must do so

exclusively on your behalf, under your direction and control, on terms that prohibit them from making any copies of your copyrighted material outside their relationship with you.

Conveying under any other circumstances is permitted solely under the conditions stated below. Sublicensing is not allowed; section 10 makes it unnecessary.

3. Protecting Users' Legal Rights From Anti-Circumvention Law.

No covered work shall be deemed part of an effective technological measure under any applicable law fulfilling obligations under article 11 of the WIPO copyright treaty adopted on 20 December 1996, or similar laws prohibiting or restricting circumvention of such measures.

When you convey a covered work, you waive any legal power to forbid circumvention of technological measures to the extent such circumvention is effected by exercising rights under this License with respect to the covered work, and you disclaim any intention to limit operation or modification of the work as a means of enforcing, against the work's users, your or third parties' legal rights to forbid circumvention of technological measures.

4. Conveying Verbatim Copies.

You may convey verbatim copies of the Program's source code as you receive it, in any medium, provided that you conspicuously and appropriately publish on each copy an appropriate copyright notice; keep intact all notices stating that this License and any non-permissive terms added in accord with section 7 apply to the code; keep intact all notices of the absence of any warranty; and give all recipients a copy of this License along with the Program.

You may charge any price or no price for each copy that you convey, and you may offer support or warranty protection for a fee.

5. Conveying Modified Source Versions.

You may convey a work based on the Program, or the modifications to produce it from the Program, in the form of source code under the terms of section 4, provided that you also meet all of these conditions:

- a) The work must carry prominent notices stating that you modified it, and giving a relevant date.
- b) The work must carry prominent notices stating that it is released under this License and any conditions added under section 7. This requirement modifies the requirement in section 4 to "keep intact all notices".
- c) You must license the entire work, as a whole, under this License to anyone who comes into possession of a copy. This License will therefore apply, along with any applicable section 7 additional terms, to the whole of the work, and all its parts, regardless of how they are packaged. This License gives no permission to license the work in any other way, but it does not invalidate such permission if you have separately received it.
- d) If the work has interactive user interfaces, each must display Appropriate Legal Notices; however, if the Program has interactive interfaces that do not display Appropriate Legal Notices, your work need not make them do so.

A compilation of a covered work with other separate and independent works, which are not by their nature extensions of the covered work, and which are not combined with it such as to form a larger program, in or on a volume of a storage or distribution medium, is called an "aggregate" if the compilation and its resulting copyright are not used to limit the access or legal rights of the compilation's users beyond what the individual works permit. Inclusion of a covered work in an aggregate does not cause this License to apply to the other parts of the aggregate.

6. Conveying Non-Source Forms.

You may convey a covered work in object code form under the terms of sections 4 and 5, provided that you also convey the machine-readable Corresponding Source under the terms of this License, in one of these ways:

a) Convey the object code in, or embodied in, a physical product (including a physical distribution medium), accompanied by the Corresponding Source fixed on a durable physical medium customarily used for software interchange.

b) Convey the object code in, or embodied in, a physical product (including a physical distribution medium), accompanied by a written offer, valid for at least three years and valid for as long as you offer spare parts or customer support for that product model, to give anyone who possesses the object code either (1) a copy of the Corresponding Source for all the software in the product that is covered by this License, on a durable physical medium customarily used for software interchange, for a price no more than your reasonable cost of physically performing this conveying of source, or (2) access to copy the Corresponding Source from a network server at no charge.

c) Convey individual copies of the object code with a copy of the written offer to provide the Corresponding Source. This alternative is allowed only occasionally and noncommercially, and only if you received the object code with such an offer, in accord with subsection 6b.

d) Convey the object code by offering access from a designated place (gratis or for a charge), and offer equivalent access to the Corresponding Source in the same way through the same place at no further charge. You need not require recipients to copy the Corresponding Source along with the object code. If the place to copy the object code is a network server, the Corresponding Source may be on a different server (operated by you or a third party) that supports equivalent copying facilities, provided you maintain clear directions next to the object code saying where to find the Corresponding Source. Regardless of what server hosts the Corresponding Source, you remain obligated to ensure that it is available for as long as needed to satisfy these requirements.

e) Convey the object code using peer-to-peer transmission, provided you inform other peers where the object code and Corresponding Source of the work are being offered to the general public at no charge under subsection 6d.

A separable portion of the object code, whose source code is excluded from the Corresponding Source as a System Library, need not be included in conveying the object code work.

A “User Product” is either (1) a “consumer product”, which means any tangible personal property which is normally used for personal, family, or household purposes, or (2) anything designed or sold for incorporation into a dwelling. In determining whether a product is a consumer product, doubtful cases shall be resolved in favor of coverage. For a particular product received by a particular user, “normally used” refers to a typical or common use of that class of product, regardless of the status of the particular user or of the way in which the particular user actually uses, or expects or is expected to use, the product. A product is a consumer product regardless of whether the product has substantial commercial, industrial or non-consumer uses, unless such uses represent the only significant mode of use of the product.

“Installation Information” for a User Product means any methods, procedures, authorization keys, or other information required to install and execute modified versions of a covered work in that User Product from a modified version of its Corresponding Source. The information must suffice to ensure that the continued functioning of the modified object code is in no case prevented or interfered with solely because modification has been made.

If you convey an object code work under this section in, or with, or specifically for use in, a User Product, and the conveying occurs as part of a transaction in which the right of possession and use of the User Product is transferred to the recipient in perpetuity or for a fixed term (regardless of how the transaction is characterized), the Corresponding Source conveyed under this section must be accompanied by the Installation Information. But this requirement does not apply if neither you nor any

third party retains the ability to install modified object code on the User Product (for example, the work has been installed in ROM).

The requirement to provide Installation Information does not include a requirement to continue to provide support service, warranty, or updates for a work that has been modified or installed by the recipient, or for the User Product in which it has been modified or installed. Access to a network may be denied when the modification itself materially and adversely affects the operation of the network or violates the rules and protocols for communication across the network.

Corresponding Source conveyed, and Installation Information provided, in accord with this section must be in a format that is publicly documented (and with an implementation available to the public in source code form), and must require no special password or key for unpacking, reading or copying.

7. Additional Terms.

“Additional permissions” are terms that supplement the terms of this License by making exceptions from one or more of its conditions. Additional permissions that are applicable to the entire Program shall be treated as though they were included in this License, to the extent that they are valid under applicable law. If additional permissions apply only to part of the Program, that part may be used separately under those permissions, but the entire Program remains governed by this License without regard to the additional permissions.

When you convey a copy of a covered work, you may at your option remove any additional permissions from that copy, or from any part of it. (Additional permissions may be written to require their own removal in certain cases when you modify the work.) You may place additional permissions on material, added by you to a covered work, for which you have or can give appropriate copyright permission.

Notwithstanding any other provision of this License, for material you add to a covered work, you may (if authorized by the copyright holders of that material) supplement the terms of this License with terms:

- a) Disclaiming warranty or limiting liability differently from the terms of sections 15 and 16 of this License; or
- b) Requiring preservation of specified reasonable legal notices or author attributions in that material or in the Appropriate Legal Notices displayed by works containing it; or
- c) Prohibiting misrepresentation of the origin of that material, or requiring that modified versions of such material be marked in reasonable ways as different from the original version; or
- d) Limiting the use for publicity purposes of names of licensors or authors of the material; or
- e) Declining to grant rights under trademark law for use of some trade names, trademarks, or service marks; or
- f) Requiring indemnification of licensors and authors of that material by anyone who conveys the material (or modified versions of it) with contractual assumptions of liability to the recipient, for any liability that these contractual assumptions directly impose on those licensors and authors.

All other non-permissive additional terms are considered “further restrictions” within the meaning of section 10. If the Program as you received it, or any part of it, contains a notice stating that it is governed by this License along with a term that is a further restriction, you may remove that term. If a license document contains a further restriction but permits relicensing or conveying under this License, you may add to a covered work material governed by the terms of that license document, provided that the further restriction does not survive such relicensing or conveying.

If you add terms to a covered work in accord with this section, you must place, in the relevant source files, a statement of the additional terms that apply to those files, or a notice indicating where to find the applicable terms.

Additional terms, permissive or non-permissive, may be stated in the form of a separately written license, or stated as exceptions; the above requirements apply either way.

8. Termination.

You may not propagate or modify a covered work except as expressly provided under this License. Any attempt otherwise to propagate or modify it is void, and will automatically terminate your rights under this License (including any patent licenses granted under the third paragraph of section 11).

However, if you cease all violation of this License, then your license from a particular copyright holder is reinstated (a) provisionally, unless and until the copyright holder explicitly and finally terminates your license, and (b) permanently, if the copyright holder fails to notify you of the violation by some reasonable means prior to 60 days after the cessation.

Moreover, your license from a particular copyright holder is reinstated permanently if the copyright holder notifies you of the violation by some reasonable means, this is the first time you have received notice of violation of this License (for any work) from that copyright holder, and you cure the violation prior to 30 days after your receipt of the notice.

Termination of your rights under this section does not terminate the licenses of parties who have received copies or rights from you under this License. If your rights have been terminated and not permanently reinstated, you do not qualify to receive new licenses for the same material under section 10.

9. Acceptance Not Required for Having Copies.

You are not required to accept this License in order to receive or run a copy of the Program. Ancillary propagation of a covered work occurring solely as a consequence of using peer-to-peer transmission to receive a copy likewise does not require acceptance. However, nothing other than this License grants you permission to propagate or modify any covered work. These actions infringe copyright if you do not accept this License. Therefore, by modifying or propagating a covered work, you indicate your acceptance of this License to do so.

10. Automatic Licensing of Downstream Recipients.

Each time you convey a covered work, the recipient automatically receives a license from the original licensors, to run, modify and propagate that work, subject to this License. You are not responsible for enforcing compliance by third parties with this License.

An “entity transaction” is a transaction transferring control of an organization, or substantially all assets of one, or subdividing an organization, or merging organizations. If propagation of a covered work results from an entity transaction, each party to that transaction who receives a copy of the work also receives whatever licenses to the work the party's predecessor in interest had or could give under the previous paragraph, plus a right to possession of the Corresponding Source of the work from the predecessor in interest, if the predecessor has it or can get it with reasonable efforts.

You may not impose any further restrictions on the exercise of the rights granted or affirmed under this License. For example, you may not impose a license fee, royalty, or other charge for exercise of rights granted under this License, and you may not initiate litigation (including a cross-claim or counterclaim in a lawsuit) alleging that any patent claim is infringed by making, using, selling, offering for sale, or importing the Program or any portion of it.

11. Patents.

A “contributor” is a copyright holder who authorizes use under this License of the Program or a work on which the Program is based. The work thus licensed is called the contributor's “contributor version”.

A contributor's "essential patent claims" are all patent claims owned or controlled by the contributor, whether already acquired or hereafter acquired, that would be infringed by some manner, permitted by this License, of making, using, or selling its contributor version, but do not include claims that would be infringed only as a consequence of further modification of the contributor version. For purposes of this definition, "control" includes the right to grant patent sublicenses in a manner consistent with the requirements of this License.

Each contributor grants you a non-exclusive, worldwide, royalty-free patent license under the contributor's essential patent claims, to make, use, sell, offer for sale, import and otherwise run, modify and propagate the contents of its contributor version.

In the following three paragraphs, a "patent license" is any express agreement or commitment, however denominated, not to enforce a patent (such as an express permission to practice a patent or covenant not to sue for patent infringement). To "grant" such a patent license to a party means to make such an agreement or commitment not to enforce a patent against the party.

If you convey a covered work, knowingly relying on a patent license, and the Corresponding Source of the work is not available for anyone to copy, free of charge and under the terms of this License, through a publicly available network server or other readily accessible means, then you must either (1) cause the Corresponding Source to be so available, or (2) arrange to deprive yourself of the benefit of the patent license for this particular work, or (3) arrange, in a manner consistent with the requirements of this License, to extend the patent license to downstream recipients. "Knowingly relying" means you have actual knowledge that, but for the patent license, your conveying the covered work in a country, or your recipient's use of the covered work in a country, would infringe one or more identifiable patents in that country that you have reason to believe are valid.

If, pursuant to or in connection with a single transaction or arrangement, you convey, or propagate by procuring conveyance of, a covered work, and grant a patent license to some of the parties receiving the covered work authorizing them to use, propagate, modify or convey a specific copy of the covered work, then the patent license you grant is automatically extended to all recipients of the covered work and works based on it.

A patent license is "discriminatory" if it does not include within the scope of its coverage, prohibits the exercise of, or is conditioned on the non-exercise of one or more of the rights that are specifically granted under this License. You may not convey a covered work if you are a party to an arrangement with a third party that is in the business of distributing software, under which you make payment to the third party based on the extent of your activity of conveying the work, and under which the third party grants, to any of the parties who would receive the covered work from you, a discriminatory patent license (a) in connection with copies of the covered work conveyed by you (or copies made from those copies), or (b) primarily for and in connection with specific products or compilations that contain the covered work, unless you entered into that arrangement, or that patent license was granted, prior to 28 March 2007.

Nothing in this License shall be construed as excluding or limiting any implied license or other defenses to infringement that may otherwise be available to you under applicable patent law.

12. No Surrender of Others' Freedom.

If conditions are imposed on you (whether by court order, agreement or otherwise) that contradict the conditions of this License, they do not excuse you from the conditions of this License. If you cannot convey a covered work so as to satisfy simultaneously your obligations under this License and any other pertinent obligations, then as a consequence you may not convey it at all. For example, if you agree to terms that obligate you to collect a royalty for further conveying from those to whom you convey the Program, the only way you could satisfy both those terms and this License would be to refrain entirely from conveying the Program.

13. Use with the GNU Affero General Public License.

Notwithstanding any other provision of this License, you have permission to link or combine any covered work with a work licensed under version 3 of the GNU Affero General Public License into a single combined work, and to convey the resulting work. The terms of this License will continue to apply to the part which is the covered work, but the special requirements of the GNU Affero General Public License, section 13, concerning interaction through a network will apply to the combination as such.

14. Revised Versions of this License.

The Free Software Foundation may publish revised and/or new versions of the GNU General Public License from time to time. Such new versions will be similar in spirit to the present version, but may differ in detail to address new problems or concerns.

Each version is given a distinguishing version number. If the Program specifies that a certain numbered version of the GNU General Public License “or any later version” applies to it, you have the option of following the terms and conditions either of that numbered version or of any later version published by the Free Software Foundation. If the Program does not specify a version number of the GNU General Public License, you may choose any version ever published by the Free Software Foundation.

If the Program specifies that a proxy can decide which future versions of the GNU General Public License can be used, that proxy's public statement of acceptance of a version permanently authorizes you to choose that version for the Program.

Later license versions may give you additional or different permissions. However, no additional obligations are imposed on any author or copyright holder as a result of your choosing to follow a later version.

15. Disclaimer of Warranty.

THERE IS NO WARRANTY FOR THE PROGRAM, TO THE EXTENT PERMITTED BY APPLICABLE LAW. EXCEPT WHEN OTHERWISE STATED IN WRITING THE COPYRIGHT HOLDERS AND/OR OTHER PARTIES PROVIDE THE PROGRAM “AS IS” WITHOUT WARRANTY OF ANY KIND, EITHER EXPRESSED OR IMPLIED, INCLUDING, BUT NOT LIMITED TO, THE IMPLIED WARRANTIES OF MERCHANTABILITY AND FITNESS FOR A PARTICULAR PURPOSE. THE ENTIRE RISK AS TO THE QUALITY AND PERFORMANCE OF THE PROGRAM IS WITH YOU. SHOULD THE PROGRAM PROVE DEFECTIVE, YOU ASSUME THE COST OF ALL NECESSARY SERVICING, REPAIR OR CORRECTION.

16. Limitation of Liability.

IN NO EVENT UNLESS REQUIRED BY APPLICABLE LAW OR AGREED TO IN WRITING WILL ANY COPYRIGHT HOLDER, OR ANY OTHER PARTY WHO MODIFIES AND/OR CONVEYS THE PROGRAM AS PERMITTED ABOVE, BE LIABLE TO YOU FOR DAMAGES, INCLUDING ANY GENERAL, SPECIAL, INCIDENTAL OR CONSEQUENTIAL DAMAGES ARISING OUT OF THE USE OR INABILITY TO USE THE PROGRAM (INCLUDING BUT NOT LIMITED TO LOSS OF DATA OR DATA BEING RENDERED INACCURATE OR LOSSES SUSTAINED BY YOU OR THIRD PARTIES OR A FAILURE OF THE PROGRAM TO OPERATE WITH ANY OTHER PROGRAMS), EVEN IF SUCH HOLDER OR OTHER PARTY HAS BEEN ADVISED OF THE POSSIBILITY OF SUCH DAMAGES.

17. Interpretation of Sections 15 and 16.

If the disclaimer of warranty and limitation of liability provided above cannot be given local legal effect according to their terms, reviewing courts shall apply local law that most closely approximates an absolute waiver of all civil liability in connection with the Program, unless a warranty or assumption of liability accompanies a copy of the Program in return for a fee.

END OF TERMS AND CONDITIONS

How to Apply These Terms to Your New Programs

If you develop a new program, and you want it to be of the greatest possible use to the public, the best way to achieve this is to make it free software which everyone can redistribute and change under these terms.

To do so, attach the following notices to the program. It is safest to attach them to the start of each source file to most effectively state the exclusion of warranty; and each file should have at least the "copyright" line and a pointer to where the full notice is found.

The GNU General Public License does not permit incorporating your program into proprietary programs. If your program is a subroutine library, you may consider it more useful to permit linking proprietary applications with the library. If this is what you want to do, use the GNU Lesser General Public License instead of this License. But first, please read .

The SOFTWARE PRODUCT also includes any updates and supplements to the original SOFTWARE PRODUCT provided to you by Janus Systems.

By installing, copying, downloading, accessing, or otherwise using the SOFTWARE PRODUCT, you agree to be bound by the terms of this LICENSE. If you do not agree to all the terms of this LICENSE, do not install or use the SOFTWARE PRODUCT; you may, however, return it to your place of purchase for a full refund, if relevant.

SOFTWARE PRODUCT LICENSE

Copyright laws and international copyright treaties, as well as other intellectual property laws and treaties protect the SOFTWARE PRODUCT. The SOFTWARE PRODUCT is licensed, not sold.

1. LICENSE TO USE SOFTWARE PRODUCT.

1.1 **LICENSE GRANT.** If Licensee is an entity, Janus Systems grants him the right to designate one individual within your organization to have the sole right to use the SOFTWARE PRODUCT in the manner provided below. Janus Systems grants to the Licensee as an individual, a personal, nonexclusive, non-transferable LICENSE to use one copy of this SOFTWARE PRODUCT. Licensee may use the Licensed Software only on one central processing unit with one input terminal. The SOFTWARE PRODUCT is in "use" on a computer when it is loaded into temporary memory (i.e. RAM) or installed into permanent memory (e.g. hard disk, CD-ROM, or other storage device) of that computer. Licensee may not network the SOFTWARE PRODUCT or otherwise use it for development on more than one computer at the same time, for more than one developer at a time. Each developer working with the SOFTWARE PRODUCT must purchase a copy of the component for his/her own development needs.

1.2 **SOURCE CODE.** Licensee has no right of access to the source code of the SOFTWARE PRODUCT.

1.3 BETA, TRIAL or EVALUATION VERSIONS. Licensee may use the beta versions, trial versions, demonstration versions, evaluation versions and product tours of the SOFTWARE PRODUCT for the limited purposes of demonstrations, trials, design time evaluations and running a product tour. Licensee may not distribute any of the files provided with the beta, trial, demonstration or evaluation version.

2. DISTRIBUTION / REDISTRIBUTABLE CODE

2.1 SAMPLE CODE. In addition to the LICENSE granted in Section 1, Janus Systems grants the Licensee the right to use and modify the source code versions of those portions of the SOFTWARE PRODUCT which are identified in the documentation as the Sample Code and located in the \SAMPLES subdirectory(s) of the SOFTWARE PRODUCT, either on CD-ROM or electronic format (collectively "SAMPLE CODE"), provided Licensee complies with the Redistribution Requirements. Licensee may not distribute the SAMPLE CODE, or any modified version of the SAMPLE CODE, in source code form.

2.2 REDISTRIBUTABLE CODE. In addition to the LICENSE granted in Section 1, Janus Systems grants the Licensee a nonexclusive, royalty-free right to reproduce and distribute the object code version of those portions of the SOFTWARE PRODUCT identified in the SOFTWARE PRODUCT Help System, or on Janus Systems' website (<http://www.janusys.com>), as the REDISTRIBUTABLE FILES, provided Licensee complies with the redistribution requirements.

2.3 REDISTRIBUTION REQUIREMENTS. If Licensee redistributes the REDISTRIBUTABLE FILES, she/he agrees to (a) register her/his copy of the SOFTWARE with Janus Systems by using the registration form in www.janusys.com web site or via e-mail (registration@janusys.com), using the registration application installed with the software product (b) distribute the REDISTRIBUTABLE FILES in object code form only in conjunction with, and as part of her/his software application product which adds significant and primary functionality and which is designed, developed, and tested to operate in the Microsoft Windows and/or Windows NT environments; (c) not use Janus Systems' name, logo or trademarks to market her/his software application product; (d) include a valid copyright notice on her/his SOFTWARE; (e) indemnify, hold harmless, and defend Janus Systems from and against any claims or lawsuits, including attorney's fees, that arise or result from the use and distribution of her/his software application product; and (f) not permit further distribution of the REDISTRIBUTABLE FILES by her/his end user.

2.4 LIMITATIONS. Distribution by the Licensee of any designers or design-time assistants (EXE's OCX's or DLL's), executables, source code, distributed by Janus Systems as part of this SOFTWARE PRODUCT and not identified as a redistributable file is prohibited. Redistribution by Licensee's users of Janus Systems' DLL's and OCX's or Licensee modified or wrapped version of Janus Systems DLL's and OCX's without the appropriate redistribution LICENSE is prohibited.

Licensee shall not develop applications that provide an application programmable interface to the SOFTWARE PRODUCT or the SOFTWARE PRODUCT as modified. Licensee shall not develop applications that substantially duplicate the capabilities of the SOFTWARE PRODUCT or, in the reasonable opinion of Janus Systems, compete with it.

Licensee MAY NOT distribute the SOFTWARE PRODUCT, in any format, to other users for development or compiling purposes. In particular, if Licensee creates a control using the SOFTWARE PRODUCT as a constituent control, Licensee MAY NOT distribute the control created with the SOFTWARE PRODUCT (in any format) to users for being used at design time and/or for development purposes.

3. ADDITIONAL RIGHTS AND LIMITATIONS

3.1 RESTRICTIONS. Licensee may not alter, assign, create derivative works, decompile, disassemble, distribute, give, lease, loan, modify, rent, reverse engineer, sell, sub-license, transfer or translate in any

way, by any means or any medium, including telecommunications, the SOFTWARE PRODUCT or Documentation (except as specifically and expressly provided above for "redistributable files"). Licensee will use its best efforts and take all reasonable steps to protect the SOFTWARE PRODUCT from unauthorized use, copying or dissemination.

3.2 SUPPORT SERVICES. Janus Systems may provide you with support services related to the SOFTWARE PRODUCT ("Support Services"). Use of Support Services is governed by the policies and programs described in "online" documentation and/or in other Janus Systems provided materials. Any supplemental software code provided to you as part of the Support Services shall be considered part of the SOFTWARE PRODUCT and subject to the terms and conditions of this LICENSE. With respect to technical information you provide to Janus Systems as part of the Support Services, Janus Systems may use such information for its business purposes, including for product support and development. Janus Systems will not utilize such technical information in a form that personally identifies Licensee.

3.3 The SOFTWARE PRODUCT is licensed as a single product and the software programs comprising SOFTWARE PRODUCT may not be separated.

3.4 TERMINATION. If either the SOFTWARE PRODUCT or Documentation is used in any way not expressly and specifically permitted by this LICENSE, then the LICENSE shall immediately terminate. Upon the termination of the LICENSE, Licensee shall thereafter make no further use of the SOFTWARE PRODUCT or Documentation, and Licensee shall return all licensed materials, postage prepaid.

4. UPGRADES, ENHANCEMENTS AND UPDATES. From time to time, at its sole discretion, Janus Systems may provide enhancements, updates, or new versions of the SOFTWARE PRODUCT on its then standard terms and conditions thereof. This Agreement shall apply to such enhancements. Licensee is not entitled to updates or upgrades of the SOFTWARE PRODUCT or Documentation.

5. COPYRIGHT. All title and intellectual property rights in and to the SOFTWARE PRODUCT (including but not limited to any images, photographs, animations, video, audio, music, text, and "applets" incorporated into the SOFTWARE PRODUCT), the accompanying printed materials, and any copies of the SOFTWARE PRODUCT are owned by Janus Systems or its suppliers. All title and intellectual property rights in and to the content which may be accessed through use of the SOFTWARE PRODUCT is the property of the respective content owner and may be protected by applicable copyright or other intellectual property laws and treaties. This LICENSE grants Licensee no rights to use such content. Janus Systems reserves all rights not expressly granted. Licensee MAY NOT COPY the SOFTWARE PRODUCT or Documentation (except as specifically and expressly provided below for "redistributable files"); provided, however, that Licensee may make one (1) copy of the SOFTWARE PRODUCT and the associated electronic documentation for archival/backup purposes. This copy will have to be labeled externally as such and show that use is subject to this LICENSE.

6. LIMITED WARRANTY. Licensee assumes all responsibility for the selection of the SOFTWARE PRODUCT as appropriate to achieve the results she/he intends. The SOFTWARE PRODUCT and documentation are not represented to be error-free. Janus Systems warrants that (a) the SOFTWARE PRODUCT shall perform substantially as described in its documentation for a period of ninety (90) days from purchase, and (b) any Support Services provided by Janus Systems shall be substantially as described in our accompanying materials, and our Support Team will make commercially reasonable efforts to solve any problem covered by our warranty. EXCEPT FOR THE FOREGOING LIMITED WARRANTY AND TO THE MAXIMUM EXTENT PERMITTED BY LAW, THE SOFTWARE PRODUCT IS PROVIDED "AS IS" WITHOUT WARRANTY OF ANY KIND EITHER EXPRESSED OR IMPLIED, INCLUDING, BUT NOT LIMITED TO THE IMPLIED WARRANTIES OF MERCHANTABILITY, NON-INFRINGEMENT AND OF FITNESS FOR A PARTICULAR PURPOSE.

7. **CUSTOMER REMEDIES.** Janus Systems' entire liability and Licensee's exclusive remedy shall be, at Janus Systems' option, either (a) return of the price paid or (b) repair or replacement of the SOFTWARE PRODUCT that does not meet Janus Systems' Limited Warranty and which is returned to Janus Systems with a copy of Licensee's receipt. This Limited Warranty is void if failure of the SOFTWARE PRODUCT has resulted from accident, abuse, or misapplication. Any replacement SOFTWARE PRODUCT will be warranted for the remainder of the original warranty period or thirty (30) days, whichever is longer.

8. **NO LIABILITY FOR CONSEQUENTIAL DAMAGES.** To the maximum extent permitted by law, in no event shall Janus Systems or its suppliers be liable for any special, incidental, indirect or consequential damages whatsoever (including, without limitation, damages for loss of business profits, business interruption, loss of business information, or any other pecuniary loss) arising out of use of or inability to use this SOFTWARE PRODUCT, or the failure to provide Support Services, even if Janus Systems or its dealer have been advised of the possibility of such damages. In any case, Janus Systems' entire liability under any provision of this LICENSE shall be limited to the greater of the amount actually paid by the licensee for the SOFTWARE PRODUCT or U.S.\$5.00.

Some states do not allow the exclusion or limitation of certain implied warranties or the limitation of the foregoing warranty or the exclusion or limitation of incidental or consequential damages, in which case and to the extent such exclusion or limitation is not allowed some of the foregoing limitations and exclusions may not apply to Licensee.

9. **U.S. GOVERNMENT RESTRICTED RIGHTS.** The licensed SOFTWARE PRODUCT and documentation have been developed exclusively at private expense and are provided with RESTRICTED RIGHTS. Use, duplication, or disclosure by the Government is subject to restrictions as set forth in subparagraph (c)(1)(ii) of the Rights in Technical Data and Computer Software clause at DFARS 242.227-7013 or subparagraphs (c)(1) and (2) of the Commercial Computer Software-Restricted Rights at 48 CFR 42.227-19, as applicable. Manufacturer is Janus Systems SA, International TechnoPark of Panama, Building 218, City of Knowledge (Clayton) Panama, Republic of Panama.

10. **GENERAL PROVISION.** Licensee shall have no right to sub-license any of the rights of this agreement, for any reason. In the event of the breach by Licensee of this Agreement, she/he shall be liable for all damages to Janus Systems, and this Agreement shall be terminated. If any provision of this Agreement shall be deemed to be invalid, illegal, or unenforceable, the validity, legality, and enforceability of the remaining portions of this Agreement shall not be affected or impaired thereby. In the event of a legal proceeding arising out of this Agreement, the prevailing party shall be awarded all legal costs incurred.

This Agreement constitutes the entire agreement between the parties for the supply of the SOFTWARE PRODUCT and its associated documentation and supersedes all prior arrangements, agreements, representations, and undertakings. This Agreement may not be changed or modified except by a written instrument duly executed by each of the parties hereto.

MISCELLANEOUS. This Agreement shall be governed by, construed and enforced in accordance with the laws of the Republic of Panama. Each party consents to the personal jurisdiction of the Republic of Panama and agrees to commence any legal proceedings arising out of this LICENSE shall be conducted solely in the courts located in Panama.

3. ADDITIONAL LICENSING REQUIREMENTS AND/OR USE RIGHTS.

a. DISTRIBUTABLE CODE. The software is comprised of Distributable Code. "Distributable Code" is code that you are permitted to distribute in applications you develop if you comply with the terms below.

- i. Right to Use and Distribute.
 - You may copy and distribute the object code form of the software.
 - Third Party Distribution. You may permit distributors of your applications to copy and distribute the Distributable Code as part of those applications.
- ii. Distribution Requirements. For any Distributable Code you distribute, you must
 - use the Distributable Code in your applications and not as a standalone distribution;
 - require distributors and external end users to agree to terms that protect it at least as much as this agreement; and

- indemnify, defend, and hold harmless Microsoft from any claims, including attorneys' fees, related to the distribution or use of your applications, except to the extent that any claim is based solely on the unmodified Distributable Code.

iii. Distribution Restrictions. You may not

- use Microsoft's trademarks in your applications' names or in a way that suggests your applications come from or are endorsed by Microsoft; or

- modify or distribute the source code of any Distributable Code so that any part of it becomes subject to an Excluded License. An "Excluded License" is one that requires, as a condition of use, modification or distribution of code, that (i) it be disclosed or distributed in source code form; or (ii) others have the right to modify it.

4. DATA.

a. Data Collection. The software may collect information about you and your use of the software, and send that to Microsoft. Microsoft may use this information to provide services and improve our products and services. You may opt-out of many of these scenarios, but not all, as described in the software documentation. There are also some features in the software that may enable you and Microsoft to collect data from users of your applications. If you use these features, you must comply with applicable law, including providing appropriate notices to users of your applications together with Microsoft's privacy statement. Our privacy statement is located at <https://go.microsoft.com/fwlink/?LinkID=824704>. You can learn more about data collection and its use from the software documentation and our privacy statement. Your use of the software operates as your consent to these practices.

b. Processing of Personal Data. To the extent Microsoft is a processor or subprocessor of personal data in connection with the software, Microsoft makes the commitments in the European Union General Data Protection Regulation Terms of the Online Services Terms to all customers effective May 25, 2018, at <https://docs.microsoft.com/en-us/legal/gdpr>.

5. SCOPE OF LICENSE. The software is licensed, not sold. This agreement only gives you some rights to use the software. Microsoft reserves all other rights. Unless applicable law gives you more rights despite this limitation, you may use the software only as expressly permitted in this agreement. In doing so, you must comply with any technical limitations in the software that only allow you to use it in certain ways. You may not

- work around any technical limitations in the software;
- reverse engineer, decompile or disassemble the software, or otherwise attempt to derive the source code for the software, except and to the extent required by third party licensing terms governing use of certain open source components that may be included in the software;

- remove, minimize, block or modify any notices of Microsoft or its suppliers in the software;

- use the software in any way that is against the law; or

- share, publish, rent or lease the software, provide the software as a stand-alone offering for others to use, or transfer the software or this agreement to any third party.

6. EXPORT RESTRICTIONS. You must comply with all domestic and international export laws and regulations that apply to the software, which include restrictions on destinations, end users, and end use. For further information on export restrictions, visit www.microsoft.com/exporting.

7. SUPPORT SERVICES. Because this software is "as is," we may not provide support services for it.

8. ENTIRE AGREEMENT. This agreement, and the terms for supplements, updates, Internet-based services and support services that you use, are the entire agreement for the software and support services.

9. **APPLICABLE LAW.** If you acquired the software in the United States, Washington law applies to interpretation of and claims for breach of this agreement, and the laws of the state where you live apply to all other claims. If you acquired the software in any other country, its laws apply.

10. **CONSUMER RIGHTS; REGIONAL VARIATIONS.** This agreement describes certain legal rights. You may have other rights, including consumer rights, under the laws of your state or country. Separate and apart from your relationship with Microsoft, you may also have rights with respect to the party from which you acquired the software. This agreement does not change those other rights if the laws of your state or country do not permit it to do so. For example, if you acquired the software in one of the below regions, or mandatory country law applies, then the following provisions apply to you:

a) **Australia.** You have statutory guarantees under the Australian Consumer Law and nothing in this agreement is intended to affect those rights.

b) **Canada.** If you acquired this software in Canada, you may stop receiving updates by turning off the automatic update feature, disconnecting your device from the Internet (if and when you re-connect to the Internet, however, the software will resume checking for and installing updates), or uninstalling the software. The product documentation, if any, may also specify how to turn off updates for your specific device or software.

c) **Germany and Austria.**

(i) **Warranty.** The software will perform substantially as described in any Microsoft materials that accompany it. However, Microsoft gives no contractual guarantee in relation to the software.

(ii) **Limitation of Liability.** In case of intentional conduct, gross negligence, claims based on the Product Liability Act, as well as in case of death or personal or physical injury, Microsoft is liable according to the statutory law.

Subject to the foregoing clause (ii), Microsoft will only be liable for slight negligence if Microsoft is in breach of such material contractual obligations, the fulfillment of which facilitate the due performance of this agreement, the breach of which would endanger the purpose of this agreement and the compliance with which a party may constantly trust in (so-called "cardinal obligations"). In other cases of slight negligence, Microsoft will not be liable for slight negligence

11. **DISCLAIMER OF WARRANTY. THE SOFTWARE IS LICENSED "AS-IS." YOU BEAR THE RISK OF USING IT. MICROSOFT GIVES NO EXPRESS WARRANTIES, GUARANTEES OR CONDITIONS. TO THE EXTENT PERMITTED UNDER YOUR LOCAL LAWS, MICROSOFT EXCLUDES THE IMPLIED WARRANTIES OF MERCHANTABILITY, FITNESS FOR A PARTICULAR PURPOSE AND NON-INFRINGEMENT.**

12. **LIMITATION ON AND EXCLUSION OF REMEDIES AND DAMAGES. YOU CAN RECOVER FROM MICROSOFT AND ITS SUPPLIERS ONLY DIRECT DAMAGES UP TO U.S. \$5.00. YOU CANNOT RECOVER ANY OTHER DAMAGES, INCLUDING CONSEQUENTIAL, LOST PROFITS, SPECIAL, INDIRECT OR INCIDENTAL DAMAGES.**

This limitation applies to (a) anything related to the software, services, content (including code) on third party Internet sites, or third party applications; and (b) claims for breach of contract, breach of warranty, guarantee or condition, strict liability, negligence, or other tort to the extent permitted by applicable law.

It also applies even if Microsoft knew or should have known about the possibility of the damages. The above limitation or exclusion may not apply to you because your state or country may not allow the exclusion or limitation of incidental, consequential or other damages.

a. United States. If you acquired the software in the United States, Washington state law governs the interpretation of this agreement and applies to claims for breach of it, regardless of conflict of laws principles. The laws of the state where you live govern all other claims, including claims under state consumer protection laws, unfair competition laws, and in tort.

b. Outside the United States. If you acquired the software in any other country, the laws of that country apply.

10. LEGAL EFFECT. This agreement describes certain legal rights. You may have other rights under the laws of your country. You may also have rights with respect to the party from whom you acquired the software. This agreement does not change your rights under the laws of your country if the laws of your country do not permit it to do so.

11. DISCLAIMER OF WARRANTY. The software is licensed “as-is.” You bear the risk of using it. Microsoft gives no express warranties, guarantees or conditions. You may have additional consumer rights under your local laws which this agreement cannot change. To the extent permitted under your local laws, Microsoft excludes the implied warranties of merchantability, fitness for a particular purpose and non-infringement.

12. LIMITATION ON AND EXCLUSION OF REMEDIES AND DAMAGES. You can recover from Microsoft and its suppliers only direct damages up to U.S. \$5.00. You cannot recover any other damages, including consequential, lost profits, special, indirect or incidental damages.

This limitation applies to

- claims for breach of contract, breach of warranty, guarantee or condition, strict liability, negligence, or other tort to the extent permitted by applicable law.

It also applies even if Microsoft knew or should have known about the possibility of the damages. The above limitation or exclusion may not apply to you because your country may not allow the exclusion or limitation of incidental, consequential or other damages.

BY ACCESSING, USING, OR INSTALLING ALL OR ANY PART OF THE SOFTWARE, AS DEFINED BELOW, LICENSEE EXPRESSLY AGREES TO AND CONSENTS TO BE BOUND BY ALL OF THE TERMS OF THIS AGREEMENT, INCLUSIVE OF ALL SCHEDULES AND EXHIBITS HERETO. IF LICENSEE DOES NOT AGREE TO ANY PART OF THIS AGREEMENT

AND DOES NOT WISH TO BE BOUND BY THIS AGREEMENT, LICENSEE MAY NOT ACCESS, USE OR INSTALL ALL OR ANY PART OF THE SOFTWARE.

This Agreement consists of Part 1 – Software License and General Terms, and Part 2 – Maintenance and Support Terms. This Agreement is the complete agreement regarding the subject matter hereof, and replaces any prior oral or written communications or agreements between Licensee and Licensor.

PART 1 - SOFTWARE LICENSE AND GENERAL TERMS

1. DEFINITIONS

"Authorized Number" means the number of computers, as set forth on the Order, on which Licensee may install a copy of the Software concurrently.

"Documentation" means all written and electronic information generally made available by Licensor to its customers relating to the operation and functionality of the Software, including user manuals, installation guides, and any "read me" or "help" files.

"Effective Date" means the date upon which this Agreement becomes effective as identified in the portion of the Order applicable to the Software.

"Licensee" means the entity licensing the Software as identified in the Order. The term Licensee shall include any subsidiary, affiliate or other entity which (i) Licensee consolidates into its audited financial statements; and (ii) is at least fifty percent (50%) owned by Licensee (an "Affiliate"), provided that: (a) Licensee shall not include any Affiliate which competes with Licensor, and (b) Licensee shall remain responsible for compliance with this Agreement by each such Affiliate.

"Licensor" means PKWARE, INC.

"Order" means: either (a) a valid purchase order accepted by Licensor; (b) Licensor's valid quote accepted in writing by Licensee; (c) an attachment to this Agreement issued by Licensor listing the Authorized Number; or (d) a receipt for purchases from Licensor authorized online stores. The terms of this Agreement and the Order shall govern except to the extent expressly set forth to the contrary in any subsequent written agreement executed by both Licensor and Licensee. Any language or terms contained on a Purchase Order or other document from Licensee contrary or in addition to the terms of the Order or this Agreement shall be void and of no effect.

2. LICENSE

2.1 License Grant. In consideration of the applicable license fee, Licensor grants to Licensee a perpetual, non-transferable (except as permitted herein), non-exclusive, license to install and use the Software specified in the applicable Order only for its own internal business purposes unless otherwise mutually agreed by the parties in writing. This license extends solely to Licensee's installation and use of the Software on the Authorized Number of computers owned by or operated on behalf of Licensee. Licensee is solely responsible for the installation and configuration of the Software. Licensee may utilize remote access technologies (e.g. Citrix® Access Platform or Microsoft® Terminal Services) to access and use its licensed installations of the Software provided Licensee also purchases, at minimum, the same Authorized Number of licenses of the Software as Licensee owns seats for the remote access technologies. In the event Licensee installs the Software in a virtual operating environment, Licensee is required to purchase a Software license for each guest operating system which runs within a host based virtual machine environment or a hypervisor. In the event Licensee makes the Software available for use through application virtualization, Licensee is required to purchase a Software license for each user who can access the Software via such virtualization.

For the Software known as SecureZIP for DLP (Data Loss Prevention): A license is required for each Protected System with which the Software is used. "Protected System" means an operating system that stores or has access to files which are scanned by a third-party DLP product and allow for remediation by the Software.

2.2 Non-production Usage. Licensee is permitted, at no additional cost, to make a reasonable number of copies of the Software only for non-production archival or cold-backup purposes. Such copies may only be installed to minimize interruption and/or replace the production installation of the Software in the event such installation is damaged or destroyed due to disaster. Licensee will ensure that each copy, if contained on physical media, includes Licensor's copyright and other proprietary notices as they appear

on the Software provided by Licensor. Licensee will pay all applicable license and maintenance fees to Licensor if it installs, as a course of its business, any non-production, disaster-recovery (aka "hot back-up" or "failover") and/or test/development copies of the Software.

2.3 Restrictions on Use. Licensee acknowledges and agrees that the Software is copyrighted material proprietary to Licensor, and that Licensee may not, except as expressly provided in this Agreement or by law: (i) copy, modify, alter, translate, decompile, disassemble, reverse engineer, or create derivative works of the Software; (ii) remove, alter or cause not to be displayed any copyright notice or start-up message contained in the Software program(s); (iii) use the Software or any part thereof directly or indirectly to create a product competitive with any of Licensor's products; or (iv) display and/or allow access to the Software by any third party, except for Licensee's consultants, provided that such consultant-access is exclusively on behalf of Licensee's internal business and the consultant is bound in writing to comply with Licensee's restrictions and obligations herein; or (v) sell, loan, rent, lease, sublease, give,

sublicense or otherwise transfer the Software or any copy or modification thereof, in whole or in part, to any person except as provided herein. Additionally, Licensee shall be fully responsible for the acts and omissions of any of its consultants with respect to the Software as if each were an employee of Licensee.

2.4 Restrictions on Distribution of Self-Extracting Files. Unless otherwise provided in an Order, Licensee may only use the Software to create Self-Extracting Files for Licensee's internal use and specifically may not sell, transfer, assign, license, or otherwise distribute to any third party any Self-Extracting File created through use of the Software where Licensee derives any compensation, in whatever form, or any commercial gain whatsoever. For the sake of clarity, nothing herein prevents Licensee from sending non-Self-Extracting Files (e.g. zipped files) to external recipients in the normal course of Licensee's business.

2.5 Acknowledgment and Reservation of Rights. Licensee acknowledges and agrees that Licensor and its licensors own all intellectual property and other proprietary rights in and to the Software and that all rights not expressly granted herein are reserved to Licensor.

2.6 Compliance. Upon written request by Licensor, Licensee shall submit to Licensor a statement of compliance confirming Licensee's compliance with its obligations under this Agreement.

2.7 Audit Right. Licensee shall maintain true, complete, and correct copies of books and records reflecting the location and use of each copy of the Software in Licensee's possession or control. On at least thirty (30) days prior written notice to Licensee, but no more frequently than once in any twelve (12) month period, for any reason, Licensor at its expense and through its agents shall be entitled to audit such records and systems of Licensee as Licensor may reasonably request in order to determine Licensee's use of the Software pursuant to this Agreement.

3. FEES

3.1 Licensee shall pay license (and, to the extent applicable, maintenance) fees to Licensor in the amount and according to the terms set forth in the Order. Thereafter, maintenance fees shall be due annually on the anniversary of the start date of the Maintenance Term. Payment of any fees hereunder shall be made in a form acceptable to Licensor in U.S. dollars or in such other currency as may be acceptable to Licensor. All costs of payment (such as wire transfer fees) shall be the obligation of Licensee. Licensee is solely responsible for any and all taxes, duties, fees or other charges imposed on or associated with the transaction(s) contemplated in this Agreement.

3.2 All license and maintenance fees payable under this Agreement shall be due and payable on a net 30 days basis from date of invoice. The non-payment when due of any license fee set forth in the Order shall constitute a material breach of this Agreement. Any non-payment when due of any maintenance fee set forth in the Order shall constitute a material breach of the Maintenance and Support portion of this Agreement. Any sums not paid when due shall accrue interest at a rate of 1.5% per month or the maximum rate allowed by law, whichever is less, from the date first due. Licensee also shall be responsible for any and all costs of collection, including actual attorneys' fees, for any sums not paid when due.

4. TERM AND TERMINATION

4.1 Term. The term of this Agreement shall commence as of the Effective Date and continue in perpetuity unless otherwise provided in the Order or until terminated earlier as provided hereunder. If an Order provides for a particular term, the Agreement shall automatically renew after the end of the term provided in the Order for successive one (1) year renewal terms, provided that, prior to the commencement of a renewal term, Licensee pays Licensor such fees as Licensor and Licensee may agree. If the parties cannot reach agreement on such fees, the term shall not renew.

4.2 Termination by Licensee. Licensee may terminate this Agreement at any time, with or without cause, upon written notice to Licenser, provided Licensee is in compliance with all of its obligations hereunder. Except as expressly provided herein, Licensee shall not be entitled to any refund of any fees paid hereunder upon termination of this Agreement.

4.3 Termination by Licenser. Licenser may terminate this Agreement upon written notice of termination for breach to Licensee if Licensee materially breaches any term of this Agreement and fails to cure such material breach to Licenser's reasonable satisfaction within thirty (30) days of receipt of notice of intent to terminate for breach from Licenser. Notwithstanding the generality of the foregoing, if, in Licenser's reasonable judgment, Licensee's breach materially infringes or impairs Licenser's intellectual property or other proprietary rights in the Software, Licenser may terminate this Agreement immediately.

4.4 Actions on Termination, Cancellation, or Expiration. Upon termination of this Agreement with or without cause pursuant to Sections 4.2 and 4.3 above, its cancellation pursuant to Section 5.1 below, or its expiration in the case of a limited term license, all licenses granted herein shall immediately terminate. Upon either termination of this Agreement or expiration of a limited term license governed by this Agreement, Licensee shall immediately (a) discontinue any and all use of the Software, (b) uninstall and destroy any and all physical or electronic copies of the Software, and (c) deliver written certification, executed by an officer of Licensee, stating that Licensee has complied with this section, to Licenser within twenty (20) days of such termination, cancellation, or expiration. Except as expressly set forth in Section 5 below, under no circumstances shall Licensee be entitled to any refund or return of fees upon termination, cancellation, or expiration of this Agreement.

4.5 Surviving Rights. All provisions of this Agreement which by their nature are intended to survive the expiration or termination of this Agreement shall survive and remain in full force and effect, including but not limited to the restrictions and obligations set forth in Sections 2.3, 2.4, 2.5, 2.6, 2.7, 3.1, 3.2, 4.2, 4.3, 4.4, 5.3, 5.5, 6 and 7 of Part 1 of this Agreement. In the event of the termination of Licensee's maintenance and support of a perpetual license for the Software and provided Licensee is not in breach of the Agreement, the terms of this Agreement shall remain in full force and effect except for Part 2 of this Agreement and any related maintenance and support terms.

5. LIMITED WARRANTY, DISCLAIMER OF WARRANTIES AND LIMITATION OF LIABILITY

5.1 Limited Money Back Software Warranty. Licensee shall have thirty (30) days from the Effective Date of the initial term of this Agreement (the "Warranty Period") to test the Software to its satisfaction. If Licensee is not fully satisfied with the Software, Licensee may, within the Warranty Period, return the Software to Licenser for a full refund of any license and maintenance fees actually received by Licenser from Licensee pursuant to this Agreement. Upon such return, this Agreement shall immediately terminate in accordance with the terms of Section 4.4 of this Agreement.

Licenser agrees to pass through to Licensee all warranties provided to Licenser by third parties relating to any third party software embedded in the Software or otherwise licensed or provided to Licensee by Licenser hereunder. Notwithstanding the foregoing, in the event Software contains any software code developed by third parties and licensed pursuant to either the GNU General Public License or the GNU Lesser General Public License such code is supplied without warranty of any kind.

5.2 Maintenance and Support Limited Warranty. Licenser warrants that the maintenance and support services provided hereunder shall be performed in a professional and workmanlike manner in accordance with the generally accepted industry standards.

5.3 DISCLAIMER OF WARRANTIES. LICENSEE IS SOLELY RESPONSIBLE FOR INSTALLATION AND CONFIGURATION OF THE SOFTWARE. THE WARRANTIES SET FORTH ABOVE ARE LICENSOR'S EXCLUSIVE WARRANTIES AND NO OTHER WARRANTIES OR REPRESENTATIONS ARE PROVIDED WITH RESPECT TO THE SOFTWARE, THE MAINTENANCE AND SUPPORT, OR OTHERWISE, WHETHER EXPRESS OR IMPLIED, INCLUDING, WITHOUT LIMITATION, ANY WARRANTY OF MERCHANTABILITY OR FITNESS FOR A PARTICULAR PURPOSE. LICENSOR DOES NOT WARRANT THAT THE SOFTWARE WILL BE FREE FROM PROGRAM ERRORS.

5.4 Legal Rights. The foregoing limited warranties give Licensee specific legal rights and Licensee may have other rights which vary from state to state and jurisdiction to jurisdiction. Some states and jurisdictions may not allow limits on how long an implied warranty lasts. In those cases, the above limits may not apply to Licensee.

5.5 LIMITATION OF LIABILITY. LICENSOR SHALL NOT BE LIABLE FOR ANY SPECIAL, INCIDENTAL, INDIRECT, OR PUNITIVE DAMAGES, OR FOR ANY ECONOMIC OR OTHER

CONSEQUENTIAL DAMAGES (INCLUDING, WITHOUT LIMITATION, LOST PROFITS OR SAVINGS), EVEN IF LICENSOR HAS BEEN ADVISED OF THE POSSIBILITY OF SUCH DAMAGES. SOME JURISDICTIONS DO NOT ALLOW EXCLUSION OR LIMITATION OF CONSEQUENTIAL OR INCIDENTAL DAMAGES, SO THE ABOVE LIMITATIONS OR EXCLUSIONS MAY NOT APPLY TO LICENSEE.

Licensor will not be liable for (a) loss of, or damage to, the records or data of Licensee or any other party, or (b) any damages claimed by Licensee based on any third party claim.

UNDER NO CIRCUMSTANCES SHALL LICENSOR'S TOTAL LIABILITY TO LICENSEE OR ANY OTHER PARTY WITH RESPECT TO THE SOFTWARE OR OTHERWISE RELATING TO THIS AGREEMENT OR THE SUBJECT MATTER HEREOF FOR DIRECT DAMAGES EXCEED THE GREATER OF U.S. \$100,000 OR THE TOTAL FEES PAID BY LICENSEE UNDER THE AGREEMENT DURING THE TWELVE (12) MONTH PERIOD IMMEDIATELY PRECEDING ANY CLAIM.

The limitations, exclusions and disclaimers set forth in this Section 5 shall apply to the maximum extent permitted by applicable law, even if any remedy fails of its essential purpose. Except to the degree such service is covered by maintenance, no obligation or liability shall arise from Licensor's rendering of technical or other advice or service in connection with this Agreement, including, without limitation, advice or service related to the installation or configuration of the Software.

6. CONFIDENTIALITY

"Confidential Information" means the Software and/or any information relating to or disclosed in the course of the Agreement, which is or should be reasonably understood to be confidential or proprietary to Licensor. Confidential Information shall not include information (a) already lawfully known to the Licensee, (b) disclosed in published materials without fault of Licensee, (c) generally known to the public without fault of the Licensee, (d) lawfully obtained from a third party not under any obligation to maintain the confidentiality of Licensor, (e) required by applicable law or regulations to be released, or (f) independently developed by Licensee, provided the person or persons developing the same have not had access to relevant proprietary information of Licensor. Licensee agrees that the Confidential Information of Licensor shall be held in strict confidence and shall not be used by or disclosed to third parties without the prior written consent of Licensor. Notwithstanding anything to the contrary herein, the confidentiality obligations set forth in this Agreement shall survive the termination, cancellation, or expiration of this Agreement.

7. MISCELLANEOUS PROVISIONS

7.1 Severability. The provisions of this Agreement and the attached schedules are severable. If any provision of this Agreement or any schedule attached hereto is held to be invalid, illegal, or unenforceable, such provision is to that extent deemed omitted and not part of this Agreement. The validity, legality, or enforceability of the remaining provisions shall in no way be affected or impaired thereby and shall be valid and enforceable to the maximum extent permitted by law.

7.2 Assignment. This Agreement shall be binding on and inure to the benefit of the parties hereto and their respective successors and assigns. Notwithstanding the foregoing, Licensee shall not assign, sublicense, subcontract, or otherwise transfer this Agreement, the license granted hereunder, or any of its other rights or obligations under this Agreement or delegate any of its duties under this Agreement without the prior written consent of Licensor, which consent shall not be unreasonably withheld.

7.3 Governing Law and Forum Choice. This Agreement shall be construed as having been made in, and shall be governed in accordance with, the laws of the State of Wisconsin if Licensee acquires the Software in the United States, without regard to that state's choice of law rules or conflict of law provisions. Any legal action brought concerning this Agreement or any dispute arising from any act or omission arising from this Agreement shall be brought only in the courts of the State of Wisconsin in the County of Milwaukee or in the federal courts located in such state and county, and both parties agree to submit to the jurisdiction of these courts.

If Licensee acquires the Software outside of the United States, the laws of the country in which Licensee acquires the Software govern this Agreement, except (a) in Australia, the laws of the State or Territory in which the transaction is performed govern this Agreement; (b) in Albania, Armenia, Belarus, Bosnia/Herzegovina, Bulgaria, Croatia, Czech Republic, Georgia, Hungary, Kazakhstan, Kirghizia, Former Yugoslav Republic of Macedonia (FYROM), Moldova, Poland, Romania, Russia, Slovak Republic, Slovenia, Ukraine, and Federal Republic of Yugoslavia, the laws of Austria govern this

Agreement; (c) in the United Kingdom, all disputes relating to this Agreement will be governed by English Law and will be submitted to the exclusive jurisdiction of the English courts; (d) in Canada, the laws in the Province of Ontario govern this Agreement; and (e) in Puerto Rico, and the People's Republic of China, the laws of the State of New York govern this Agreement.

7.4 Export Restrictions. Licensee agrees to comply with all applicable export laws and regulations.

7.5 US Government Restricted Rights. The Software is provided with RESTRICTED AND LIMITED RIGHTS. Use, duplication, or disclosure by the US Government or any of its agencies is subject to restrictions as set forth in FAR 52.227-14, Alternate III(g)(3), FAR 52.227-19(c), or DFARS 252.227-7013(c)(1)(ii), as applicable.

7.6 Entire Agreement. This Agreement, inclusive of the Schedules and Addenda, if any, attached hereto, constitutes the exclusive and entire agreement between the parties with respect to the subject matter hereof, and supersedes all prior agreements, negotiations, representations and proposals, written or oral, relating to the subject matter hereof between Licensor and Licensee.

7.7 Modification and Waiver. No modification of this Agreement or any Schedule or Addendum and no waiver of any breach of this Agreement shall be effective unless in writing and signed by an authorized representative of the party against whom enforcement is sought. No waiver of any breach of this Agreement and no course of dealing between the parties shall be construed as a waiver of any subsequent breach of this Agreement. The failure of either party at any time or times to require performance of any provision hereof shall in no manner affect the right at a later time to enforce such provision.

7.8 Force Majeure. Neither party shall be responsible for failure to fulfill any obligations due to causes beyond its control including, but not limited to, strikes, riots, wars, fire, acts of God, and acts in compliance with any applicable law, regulation, or order (whether valid or invalid) of any governmental body, except that such causes shall not extend the due date for, or excuse the timely payment of, any amounts payable by a party hereunder.

7.9 Notice. Any notice, request, instruction or other document or communications to be given hereunder by either party to the other shall be in writing, and delivered via email, personally, overnight courier, express mail, or certified mail – return receipt requested, postage prepaid (such notice to be effective on the date receipt is signed by the receiving party). Notices to Licensee shall be sent to either the address set forth in the applicable Order or to such other address as Licensee shall designate by written notice to Licensor. Notices to Licensor shall be sent to either the following address or to such other address as Licensor shall designate by written notice to Licensee: PKWARE, INC., Attn: Legal Administrator, 648 N. Plankinton Ave., Suite 220, Milwaukee, WI 53203, legal@pkware.com.

PART 2 - MAINTENANCE AND SUPPORT

Maintenance and Support will be available to Licensee if Licensee is current on all maintenance payments with Licensor and Licensee is running a currently supported version(s) of the Software. Licensor reserves the right to increase the annual maintenance fee applicable to the Software by an amount not to exceed five percent (5%) per year.

8. DEFINITIONS. For purposes of Part 2 of this Agreement:

“Business Hours” means the hours from 8:00 a.m. through 6:00 p.m., Monday through Friday (excluding Licensor's holidays) in either the United States Eastern Time Zone or the Central European Time Zone, whichever is closest in proximity to the Licensee.

“Error Condition” means any demonstrable, reproducible defect, program error, or other non-conformance of the Software with its Documentation caused solely by errors or defects in the code of the Software.

“Maintenance Term” means, initially, the Maintenance Term identified in the Order. Upon expiration of the initial Maintenance Term, the Maintenance Term shall automatically renew for additional one (1) year periods unless terminated earlier by either party, at its option, by written notice at least sixty (60) days prior to the end of the then-current Maintenance Term. The Maintenance Term shall immediately terminate upon the termination, expiration, or cancellation of this Agreement for any reason.

“New Version” means a complete replacement of the executable code of the Software in machine-readable form, to provide significant new features or functions. A New Version may incorporate one or more enhancements. A New Version involves only such enhancements that change the version number immediately to the left of the decimal point. Changes to the version number are made solely at the discretion of the Licensor.

“New Release” means a partial or complete replacement of the executable code of the Software in machine-readable form, which may provide new features or functions. A New Release may incorporate some or no enhancements. A New Release involves only such alterations that change the release number to the immediate right of the decimal point. Changes to the release number are made solely at the discretion of the Licensor.

“Modification” means a partial or complete replacement of the executable code of the Software in machine-readable form which provides product function or correction that is delivered outside the standard announced “New Version” and “New Release” delivery methods.

“Pre-Release Change” means any enhancement, the development or testing of which is not yet completed, such that it is not yet generally released to Licensor’s customers.

“Nonqualified Product” means any product not listed as compatible with Software in Licensor’s promotional materials.

9. MAINTENANCE TERM

9.1 Licensor agrees to provide maintenance and support for the Latest Versions of the Software pursuant to the terms of this Part 2 during the Maintenance Term, provided the maintenance fee is fully paid and current and Licensee is also in full compliance and current with all of its other obligations under this Agreement. “Latest Versions” means versions of Software used for the fulfillment of new license orders and/or the versions for which Licensor continues to provide technical support. Latest Versions are specified in the Support section of Licensor’s web site.

10. SUPPORT

10.1 Non Error Condition Support. During the Maintenance Term, Licensor shall provide support for non-Error Condition-related questions regarding the Software by e-mail, telephone, telefax or online consultation during Business Hours.

10.2 Error Condition Support. During the Maintenance Term, Licensor shall provide support for reporting and resolving Error Conditions through the standard support line during Business Hours.

10.3 Regardless of the nature of the Error Condition, Licensor may provide a resolution in the form of a Pre-Release Change, a Modification, or such other information, instructions or patches as are sufficient to eliminate or reduce the Error Condition.

10.4 Licensee agrees to promptly notify Licensor in writing following the discovery of any Error Condition. Further, upon discovery of an Error Condition, and at the request of Licensor, Licensee agrees to submit a listing of output and any other information that Licensor may require in order to reproduce the Error Condition and/or the operating conditions under which the Error Condition occurred or was discovered.

10.5 Licensee agrees to acquire, install and/or implement as directed, certain services, hardware, software, software versions, releases, and the like, as may be deemed necessary by Licensor from time to time for proper operation of the Software. Such items may be at an additional cost for which Licensee is financially responsible.

10.6 Licensee is responsible for procuring, installing, and maintaining all equipment, telephone lines, communications interfaces, and other hardware necessary to operate the Software and to obtain support from Licensor. Licensor shall not be responsible for delays or inability to provide maintenance or support caused by events or circumstances beyond its reasonable control.

10.7 Exceptions. The following matters are not covered by Licensor’s maintenance and support obligations hereunder: (a) problems resulting from misuse, improper use, or damage of the Software, to the extent caused by Licensee, provided that Licensee’s actions were not directed by Licensor or set forth in the Documentation; (b) problems resulting from any unauthorized modification made to the Software, but only to the extent of such modification; and (c) problems resulting from any Nonqualified Product or from failure of equipment.

If Licensor provides support services for a problem caused by a Nonqualified Product, or from failure of equipment, Licensor will charge on a time and materials basis for such extra service at its then current rates for customer support services. If, in Licensor’s opinion, performance of any support hereunder is made more difficult or impaired because of Nonqualified Products, Licensor shall so notify Licensee, and Licensee will immediately remove the Nonqualified Product at its own risk and expense during any efforts to render support hereunder. Licensee shall be solely responsible for the compatibility and functioning of Nonqualified Products with the Software.

10.8 Licensee’s Responsibilities. In connection with Licensor’s provision of support hereunder, Licensee acknowledges that Licensee has the responsibility to do each of the following with respect to the

Software: (a) maintain the designated computer system and associated peripheral equipment in good working order in accordance with the manufacturers' specifications; (b) maintain the designated computer system at a supported revision level prescribed by the Documentation for proper operation of the Software; (c) perform any tests or procedures recommended by Licensor for the purpose of identifying and/or resolving any problems submitted by Licensee for servicing under the terms of this Agreement; (d) maintain a procedure external to the Software for reconstruction of lost or altered files, data, or programs to the extent deemed necessary by Licensee; (e) at all times follow routine operator procedures as specified in the Documentation; and (f) provide all information in American English in a form discernible by Licensor.

11. MAINTENANCE

11.1 Data Format/Content Changes. If the format and/or content of raw data which is processed by the Software changes as a result of vendor changes in the operating system and sub-systems which create the data, Licensor agrees to provide for the continued compatibility of the Software. Licensor will make necessary corrections to the Latest Version(s), at Licensor's sole option. Licensor has no obligation to modify prior versions of the Software (i.e. non-Latest Versions) to run with the latest versions of operating systems, software, or hardware.

11.2 Modifications and New Releases. Provided Licensee is current on all of its obligations pursuant to the Agreement and any Schedules attached thereto, during the Maintenance Term, Licensor shall provide to Licensee at no additional charge all Modifications and New Releases to the Software, the schedule, nature, and scope of which shall be in the Licensor's sole discretion.

11.3 New Versions. Licensee may choose to license New Versions of the Software at the time of their availability under the terms and conditions of the Agreement and its attached Schedules, subject to the applicable pricing for such New Versions as set forth by Licensor in an appropriate supplement or Order executed by the parties. Licensee is under no obligation to license any such New Versions.
